Instruction Manual

This Christmas hanging basket arrives **unassembled** for easy DIY crafting. You will receive separate loose pine sprigs, frosted pinecones, red berry picks and the coco-lined hanging basket in the package. Assembly is super simple:

1. Take out the coco liner hanging basket and all loose pine sprigs. Insert the pine sprigs into the base of the basket. Adjust and spread the branches to form a full, nice shape as you like.

1. Tuck pinecones and berry stems into the greenery to finish the festive look.
2. Fairy lights (not included) can be placed inside the basket or wrapped around the outside freely as you prefer. No tools needed. Customize your holiday hanging decor your own way!
