Product Description: In a vintage traditional style, the Preston Ridge End Table has a richly beautiful two-tone look, combining a dramatic black finish with physical distressing and rub-through with contrasting panels of cherry veneers with a timeworn patina and subtle gold finish accent. Bun feet add a stylish touch. One drawer and one shelf.

Collection Features: Preston Ridge offers updated traditional styling with the sophistication of finely crafted Old World antiques in a distinctive collection of office, accents, and dining room furniture that is certain to create a truly romantic and breathtaking ambiance for today's home. Preston Ridge combines the rich beauty and practical function of the very best in traditional styling with the superb value you have come to expect from Hooker. Crafted in fine hardwood solids and cherry mahogany and white ash burl veneers Preston Ridge is enhanced with a dramatic black finish with physical distressing rub-through and contrasting panels to create a rich two-tone look with the timeworn patina of a treasured family heirloom that has been lovingly touched for many generations. You can be sure these beautiful yet functional selections will be a tribute to your good taste, where ever they are placed. With such distinguished design elements as wood-framed doors with contrasting wood panels and generously scaled base and crown moldings Preston Ridge will add style to any room in your home!

Status: Active

Finish: Black finish and contrasting panels to create a rich two-tone look. Distressing includes rasping and striking.

Features: One drawer
One Shelf

Material: Cherry Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood

drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
