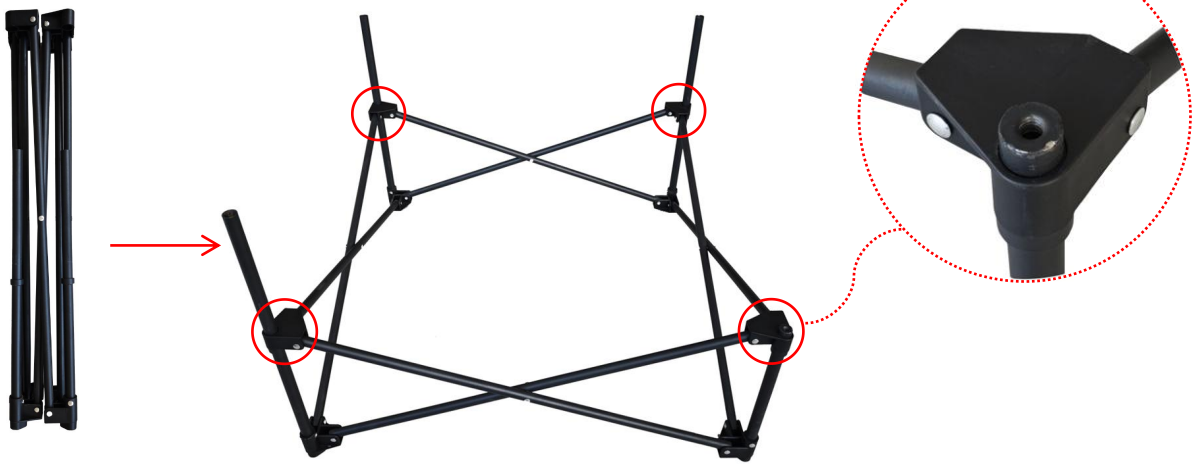
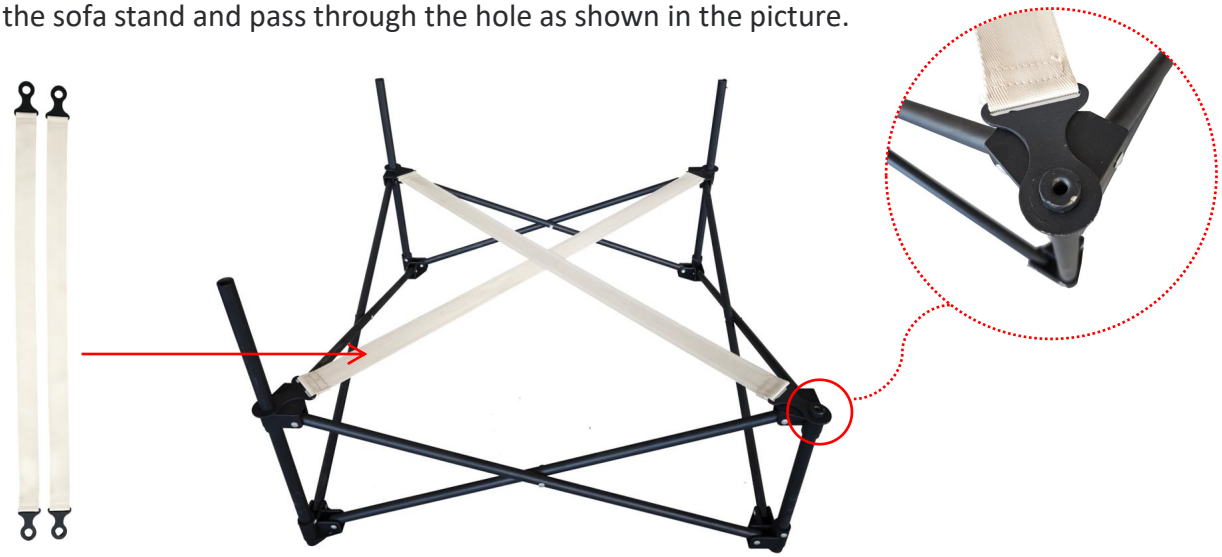
Hardware List		Hardware List	
 Sofa frame	1	 Seat cushion	1
 Cross-bar	4	 Sofa cover	1
 Canvas bandage	2	 Sofa lining	1
 Backrest frame	1	 Base cloth	1
 8x25mm screws and washers	1		

1 Open the sofa stand and pass through the hole as shown in the picture.

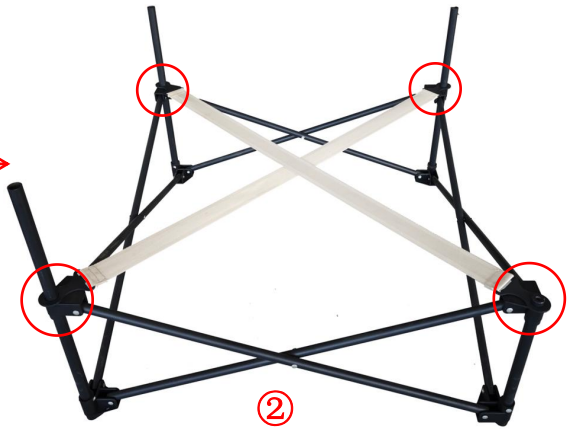


2 Open the sofa stand and pass through the hole as shown in the picture.



3 Insert the cross-bar into the fabric slot.

4 According to the illustration, place ① on top of ②, align them correctly, and then tighten and fix them with screws.

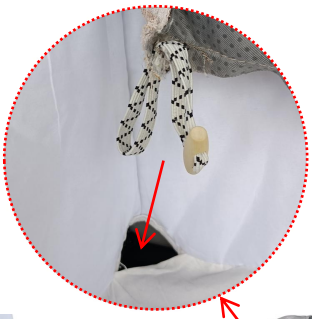


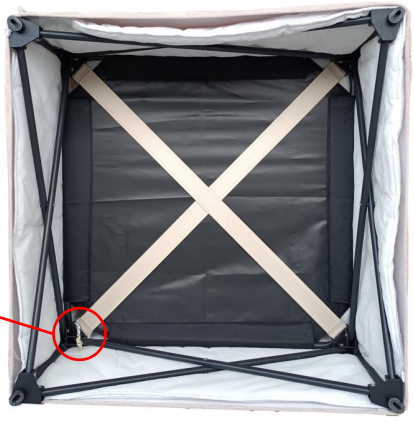
5

6

7 First, put the inner liner on the frame, and then put the sofa cover over it.

Note: The elastic button should be threaded through the hole and then fastened from the bottom.





8 Place the seat cushions and backrest cushions.

9 If you need to connect the seat modules, you can use straps or ropes to lock the crossbars of the two modules together, fixing them at both the front and rear ends,and then pull down the sofa cover.
