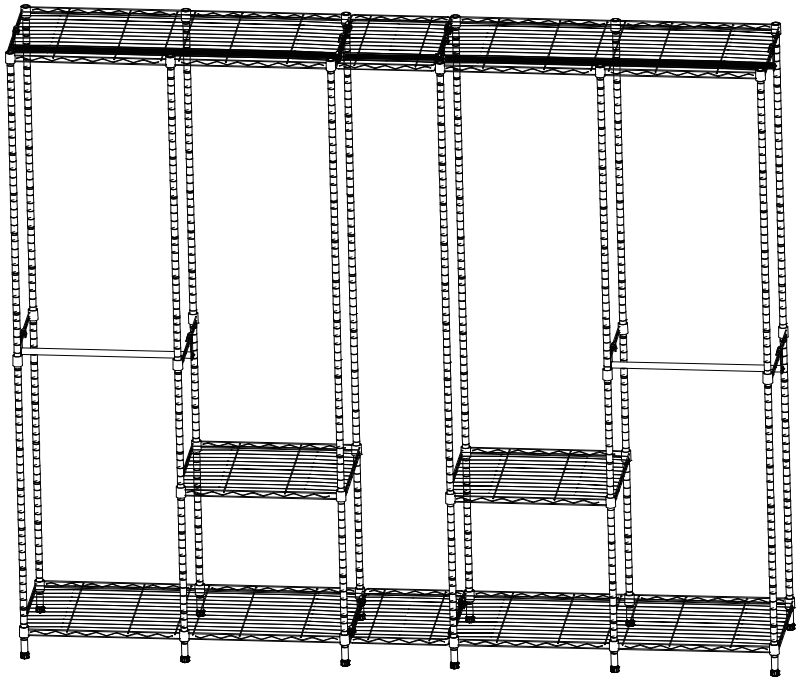
ASSEMBLY INSTRUCTION

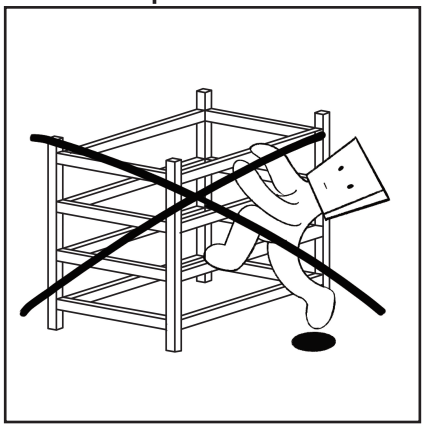


Disclaimer

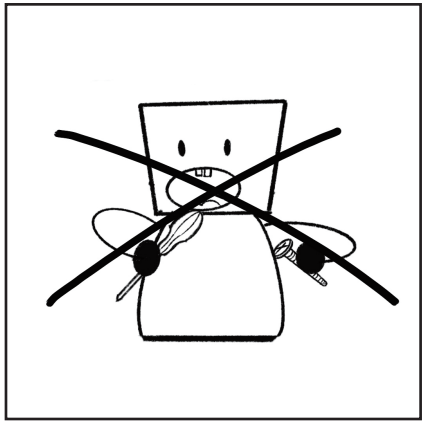
Use of this product constitutes acceptance of this disclaimer.Please read the following terms carefully:

- The product is guaranteed to be safe under normal use or foreseeable misuse.
- This furniture is designed for indoor household use only. Any improper modification, or use beyond the specified weight capacity (see product manual) shall void this disclaimer, and the manufacturer shall not be liable for any damage or injury arising therefrom.
- Regular wear and tear (e.g., fabric fading, minor hardware loosening) due to normal use is not considered a quality defect.
- The manufacturer shall not be responsible for damages caused by improper transportation, storage, or natural disasters (e.g., fire, earthquake).

Children should use this product only with adult supervision.



DO NOT CLIMB OR HANG



DO NOT PLAY WITH OR SWALLOW SMALL PARTS

Installation of Anti-Tip Device Kit:

1. For the safety of you and your family, the **Anti-Tip Device Kit** must be installed.
2. For products with wheels, it is recommended that the A**nti-Tip Device Kit** be installed.

Weight Capacity:

-**Do not** place items exceeding the maximum weight capacity of the product. (For the product's weight capacity, please refer to the product link.)

Usage Scenarios and Maintenance Methods

- **Do not** place the product in a humid environment.
- Avoid direct exposure to high temperatures and keep it away from heat sources.
- Clean and maintain the product regularly.
- Place it on a flat surface. When moving is required, ensure that at least two people lift it together.
- Check the condition of screws regularly. If any screws are loose or fall off, reinforce them promptly.

Metal products

Preparation before Installation

–Please read the assembly instructions carefully Before installation and keep this manual for future reference. Check that all parts are complete, including hardware accessories, screws, plastic parts and other small components.
Ensure that **only adults** perform the installation, and keep children away from the installation area.

Notes

- Metal furniture is susceptible to moisture and rust. Avoid prolonged exposure to water, direct sunlight, or humid environments.
- Keep away from corrosive substances such as acids and alkalis to prevent damage to the surface coating.
- Regularly check for loose screws or connectors and tighten them promptly.
- **Child Safety:** Install appropriate corner protectors to avoid injuries from sharp edges. This product is not designed for children. Ensure adult supervision when children are present. Climbing by adults or children is prohibited. Do not use the product as a support for standing or elevated work.
- Secondary drilling is not recommended, as it may compromise structural integrity.
- **Replace the product if:** the base material shows extensive rust or deformation; connections remain loose after repeated repairs; or load–bearing capacity is significantly reduced.
- Use anti–tip devices strictly as instructed.
- Rotate placed items every 2–3 months to prevent prolonged single–point pressure.

- **Do not** exceed the maximum load capacity specified for the product.
- Climbing on the furniture is strictly **prohibited**.
- The upper the layer, the less suitable it is to place heavy objects. It is recommended that heavy objects be placed not beyond the lower vertical bar.

Maintenance Methods

(1) **Surface Cleaning:** Wipe with a soft, dry or slightly damp cloth. Avoid abrasive tools such as steel wool, hard objects, rough scouring pads, or acidic cleaners to prevent scratching the surface coating.

(2) **Rust Prevention:** Apply anti–rust oil or wax periodically, especially in humid environments.

(3) **Coating Protection:** For painted or coated metal furniture, avoid strong acidic or alkaline cleaners to prevent peeling.

(4) **Check Connections:** Inspect and tighten all connectors every 3 months using the provided wrench if loosening is detected.

(5) **Wheeled Components:** Regularly remove entangled hair and fibers, and lubricate wheels to ensure smooth movement and prevent tipping hazards caused by jams.

Please check all parts and accessories according to the parts list before assembling, make sure all contents are sufficient and in good condition.
If there is any parts missing or defective, please contact us immediately with purchase platform message to get replacement parts.

PARTS:

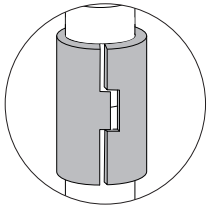
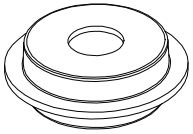
WARNING

Attention: For your safety, we recommend two or more people to install it together.



NOTICE:

There is a gap between 2PCS plastic clips assembled onto the poles as shown in the picture, this is a struct–ural design rather than a quality issue, which aims to bind the shelves firmly onto the pole.

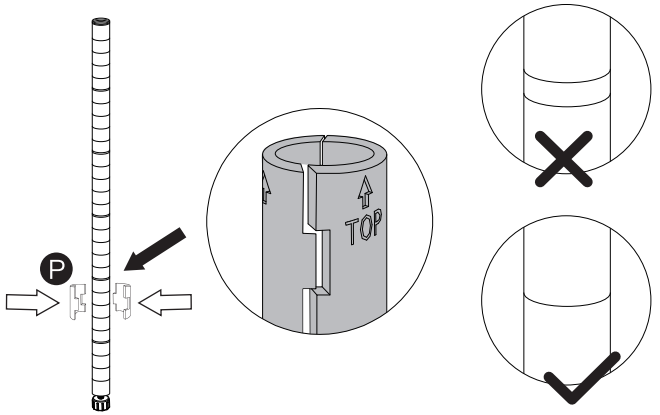


NOTICE:

This part is only for protection when delivery only, don't need it when installation.

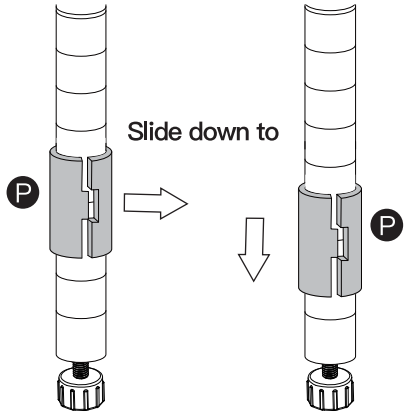
WARNING

1.Lock 2 Clips (part Ⓟ) together to the poles.



NOTICE: **DO NOT lock** the clips on double groove.

2.Then slide them down to the height of Steel Shelves should be.
(Once you hear the "ting" sound, it's perfectly locked.)

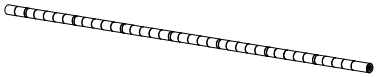


NOTICE: Every Clip (Part Ⓟ)installing in same step must be at the same height.

HOW TO INSTALL

STEP 1

E Lower Pole



x12

Q Adjustable Feet

x12
