

Chaplin Tripod Wood Floor Clock 615070

This beautiful tripod grandfather clock features antique styling and stunning attention to detail.

Careful Craftsmanship: Howard Miller's Chaplin tripod grandfather clock utilizes select hardwoods and veneers, which are finished in Black Coffee with metal accents finished in polished chrome. The careful craftsmanship of this clock leads to its wholly unique look.

Detailed Design: This grandfather clock's detailed tripod and bezel design were inspired by retro Hollywood movie lights. A large, stationary white dial features black Roman numerals with black hour and minute hands, surrounded by a wide, polished chrome-finished bezel, making this a wonderful decorative piece.

Polished Chrome: The polished chrome-finished pendulum bob on this antique-style clock is suspended on a Black Coffee finished support. With highly polished and reflective metal finishes, natural blemishes are normal and create a one-of-a-kind piece.

Quartz Movement: This tripod grandfather clock utilizes quartz, triple-chime Harmonic movement which plays your choice of full Westminster or Ave Maria chimes. Additionally, the clock features volume control and an automatic nighttime chime shut-off option. The clock requires two C and two D size batteries for use.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.

Overall Width: 25.25 in
