COMPRESSION SOFA NOTE

1. Remove the package and lay the folded up sofa flat on the floor.
2. Remove the plastic bag avoid using sharp instruments or knives etc. to scratch the fabric.
3. Open the sealed bag after the sofa will immediately rebound part, keep the environment ventilated and dry, tap the sofa to help regain full elasticity. after 48 hours the sofa will be basically rebound complete.
4. Due to the characteristics of the compressed sofa itself, there are obvious creases on the fabric cover when it is first opened.
   In order to make it flat faster, an iron can be used to flatten it.
5. During the use of the sofa, be careful not to keep the floor damp for a long time to avoid mold caused by lack of ventilation.
6. If dirt/oil stains occur during use, please use a specialized fabric cleaner for cleaning.
