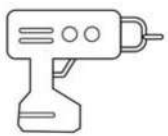
Additional Tools Required

(Not Included in the Package)



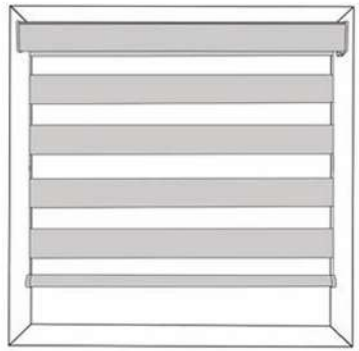
Drill with Bits

Metal Tape Measure

Screwdriver

Pencil

Installation Options



A.Inside Mount

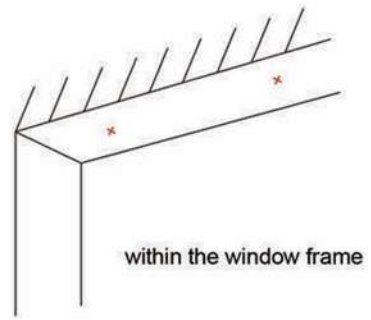
B.Outside Mount

Appearance Post-Installation

Inside Mount

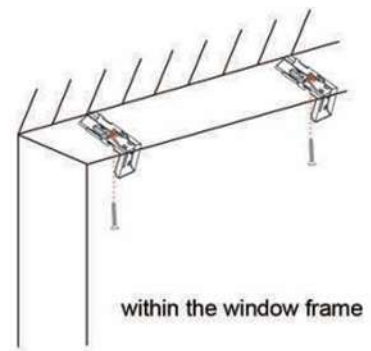
Step 1

Mark the locations for the brackets, ensuring they are level, aligned at the same depth, and equidistant from the edges.



Step 2

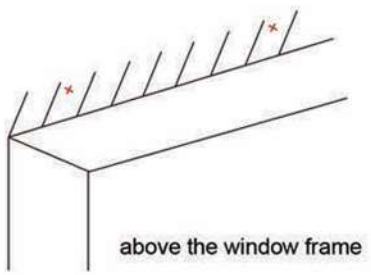
Secure each bracket with screws, making sure they are perfectly aligned and level.



Outside Mount

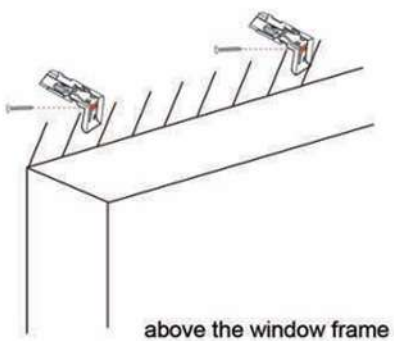
Step 1

Mark the locations for the brackets, ensuring they are level, aligned at the same depth, and equidistant from the edges.

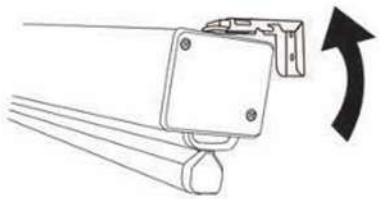


Step 2

Secure each bracket with screws, making sure they are perfectly aligned and level.



Step3: Mounting the Shade



Insert the top front groove of the headrail into the brackets. Then, rotate the headrail upwards until it clicks into place, indicating a secure installation.

Ensure the installation is secure when you hear a 'click' sound.

Frequently Asked Questions

1. My Zebra Blinds won't retract properly. What can I try?
Try gently raising and lowering the shade repeatedly to reactivate the spring.

2. My Zebra Blinds parts are missing or damaged. How do I resolve this?
Contact our service team via email for a prompt replacement of the missing or damaged parts.

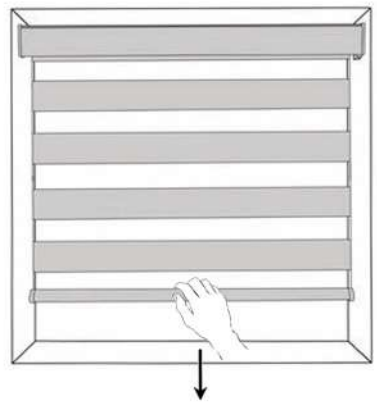
3. What should I do if I received the wrong size?
Contact us with measurement photos and order information. We'll send a free replacement if the size is wrong

4. Where can I find the installation video?
You can refer to the installation video on the product details page or contact us.

Daily Maintenance
・Spot clean only: Avoid full immersion washing whenever possible.
・Do not use vinegar/alcohol – these degrade light-filtering layer.

Important Information

Important Note:
Never pull from the sides – this creates uneven force distribution that can scratch the fabric or impair retraction function.



Zebra Blinds operate on a friction principle and may experience track deviation if improperly handled. Always hold the bottom handle and pull straight down or straight up from the center with smooth, even pressure.
