Remark:

1、Product size refers to the outermost length, width and height dimensions, and the manufacturing tolerance is approximately ±2mm.

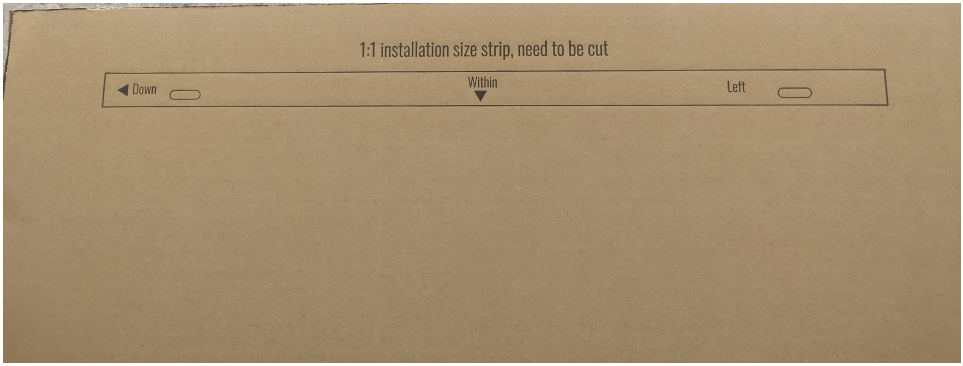
2、The installation opening size refers to the size of the fixed position on the product when it is installed. The manufacturing tolerance is about ±2mm.

3.When installing, the user needs to measure the Installation opening size of the product to make grooves to avoid being too small for installation or too large for unstable installation.The recommended size is within 2-5mm of the actual measured dimensions.

ASSEMBLY STEPS

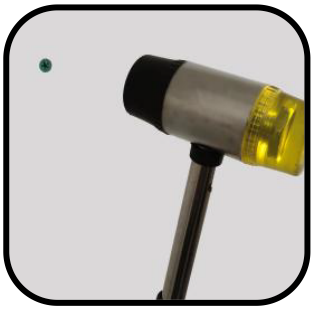
Take out the handles and screws, and then screw them in the cabinet door with the screwdriver.

NOTE:（This is only for models with open handles）



As shown in the figure, there is a 1:1 line diagram printed on the upper and lower folds of the carton, which can assist installation. It needs to be cut down and the track circle is hollowed out and placed at the installation position to draw dots.

NOTE:Users can also choose the installation method according to their own installation habits, such as measuring the size of the actual object or comparing the actual object with the actual object after drilling the installation holes, or other more convenient installation techniques, it depends on you.



Drill 2 holes on each side of pre-drilled frame holes. Tap the plastic plugs into the holes. Install the cabinet door,screw into the plastic plugs of the pre-drilled holes.

Remark：plastic plugs、self-tapping screws need to be purchased by user,these parts are not included.

As shown in the figure, install the hook

NOTE:（Only available on models with internal crossbar and comes with hooks）

Before the exchange

Pull out the active plug, as shown

After the swap

The single-door model provides left and right interchangeable functions, which is convenient for users when there is limited installation space to open the door or for users who are left- or right-handed.

CLEAING MAINTENANCE AND STORAGE

1. For cleaning, wipe the surface with a damp (not wet) cloth or equipped with a scouring pads cloth to wipe.
