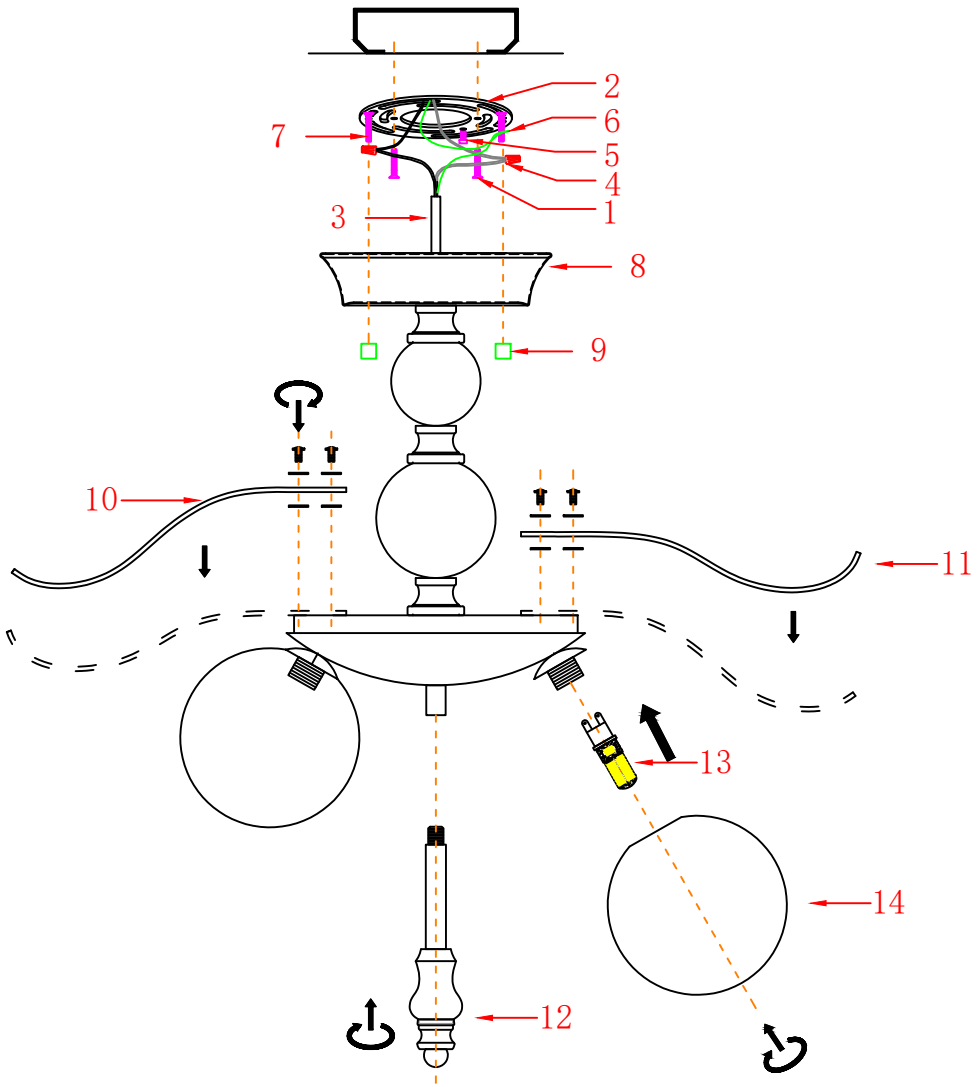
ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.



Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1.Secure the mounting bracket (2) to the junction box using the junction box screws (1).
2.Wiring Connections
·Use wire connectors (4) to connect the fixture's positive wire, negative wire (3) to the corresponding wires from the junction box. Secure the fixture ground wire (6) and the house ground wire to the mounting bracket (2) using the green grounding screw (5).
·Ensure no exposed conductors remain outside wire connectors or outside the junction box.
3.Pass the threaded studs (7) on the bracket through the two holes in the ceiling canopy (8). Secure the fixture by tightening the decorative finials (9).
4.Install Glass #1 (10) and Glass #2 (11) onto the fixture body as shown, staggering and spacing them evenly. Secure with the provided screws, placing gaskets above and below each glass panel as instructed.
5.Attach the decorative trim (12) to the fixture body as shown.
6.Insert the bulbs (13) into the sockets (bulbs not included). Then, install the glass globes (14) onto the sockets.
7.Restore power and test the fixture for proper operation.
Installation complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
