Safety Warning

- Please ensure you read this manual carefully before installation and use.
- Please install and use the product correctly according to the steps outlined in this manual.
- The product is made with weather-resistant materials and is suitable for various weather conditions.

Product Features

- Automatic swing function adds interest to the lighting.
- No wiring required, easy to install.
- Made with weather-resistant materials, suitable for gardens, courtyards, pathways, and other outdoor areas.

Installation Steps

1.Select a Location : Choose a place with ample sunlight for the solar panel to ensure it receives sufficient sunlight during the day.
2.Assemble the Ground Stake : Insert the path light into the ground stake to ensure the body is stable.
3.Insert into the Ground : Insert the ground stake and light body together into the ground, ensuring the light body is upright and stable.
4.Adjust the Angle : Adjust the angle of the solar panel as needed to maximize solar energy absorption.
5.Turn On the Switch : Find the switch on the light body and set it to the "ON" position.

Instructions for Use

- Ensure the solar panel receives enough sunlight during the day for night use.
- After the first use or after a long period of non-use, it may require a longer time to charge.
- The path light will automatically turn on and start swinging when it is dark or there is insufficient light.
- The product is made with weather-resistant materials and can adapt to various weather conditions.

Maintenance and Cleaning

- Regularly clean the solar panel to keep it clean and improve charging efficiency.
- Gently wipe the solar panel with a soft cloth and mild cleaning agent.
- Avoid using corrosive chemicals or hard objects to scratch the solar panel.

Troubleshooting

- If the light does not turn on, check if the solar panel is obstructed or if the switch is turned on.
- If the swing function does not work, check if there is anything obstructing the swing mechanism.
- If the problem persists, please contact the retailer for further technical support.

Please keep this manual for future reference. Thank you for choosing our solar swing path light. We wish you a pleasant user experience!
