

# Double Wall Items

## CARE AND USE

### Cleaning Double Wall Items

#### **BEFORE USE:**

- Remove all labels. Use WD-40® to remove any residual label adhesive
- Wash the bowl. See the cleaning instructions below.

#### **CLEANING:**

**NOTICE:** Do not use ammonia based cleaners or abrasive materials, scratching cleaners or scouring pads to clean the bowl. These can damage the finish

**NOTICE:** Hand wash only. **DO NOT** wash in a dish washing machine.

- Hand wash in a solution of mild detergent and warm water.
- Thoroughly dry before storing.

#### **USE AND STORAGE:**

**NOTICE:** Salt solutions, acidic products like tomatoes, disinfectants, or bleaches can corrode finishes. Never store these items in the bowls and avoid prolonged exposure.

**DO NOT** set the bowls into ice.

Store items in an organized manner with a coffee filter or paper towel between items to avoid scratches.

*In compliance with enacted right-to-know legislation, the following information is being provided to consumers on certain ingredients used in the manufacture or processing of applicable Vollrath manufactured products.*

*For our Colorado consumers: Intentionally added PFAS chemicals present in our cookware products are added to give these products nonstick properties, increased wear resistance, and increased corrosion and chemical resistance.*

*For our California consumers: California Law AB1200 requires manufactures to disclose on the cookware website any intentionally added chemicals listed on the CA DTSC Candidate Chemical List, which may be present on any cookware surface that comes into contact with food or in the handle of the product.*
