How Presrv™ Outdoor Gourmet Clear Ice Machine Stands Out:

Intuitive Cleaning Process

The guided cleaning process walks you through every step and pairs perfectly with Zephyr's own descaling solution.

Active Leak Protection

The built-in leak detection system can sense an internal water leak and shuts off the internal water valve automatically.

Built-In Drain Pump or Gravity Drain

Every unit ships ready for both drain pump and gravity drain installations right out of the box.

Built-In Water Filter

Integrated filtration works quietly behind the scenes, improving taste, reducing odor, and minimizing scale buildup.

Interactive TFT Touch Controls

The sleek TFT touch controls showcase cleaning guides, maintenance reminders, and diagnostics all in one, at-a-glance display.

316-Grade Stainless Steel Ice Scoop

Precision-crafted from 316-grade stainless steel—food-safe, corrosion-resistant, and built to thrive in wet, high-humidity environments.
