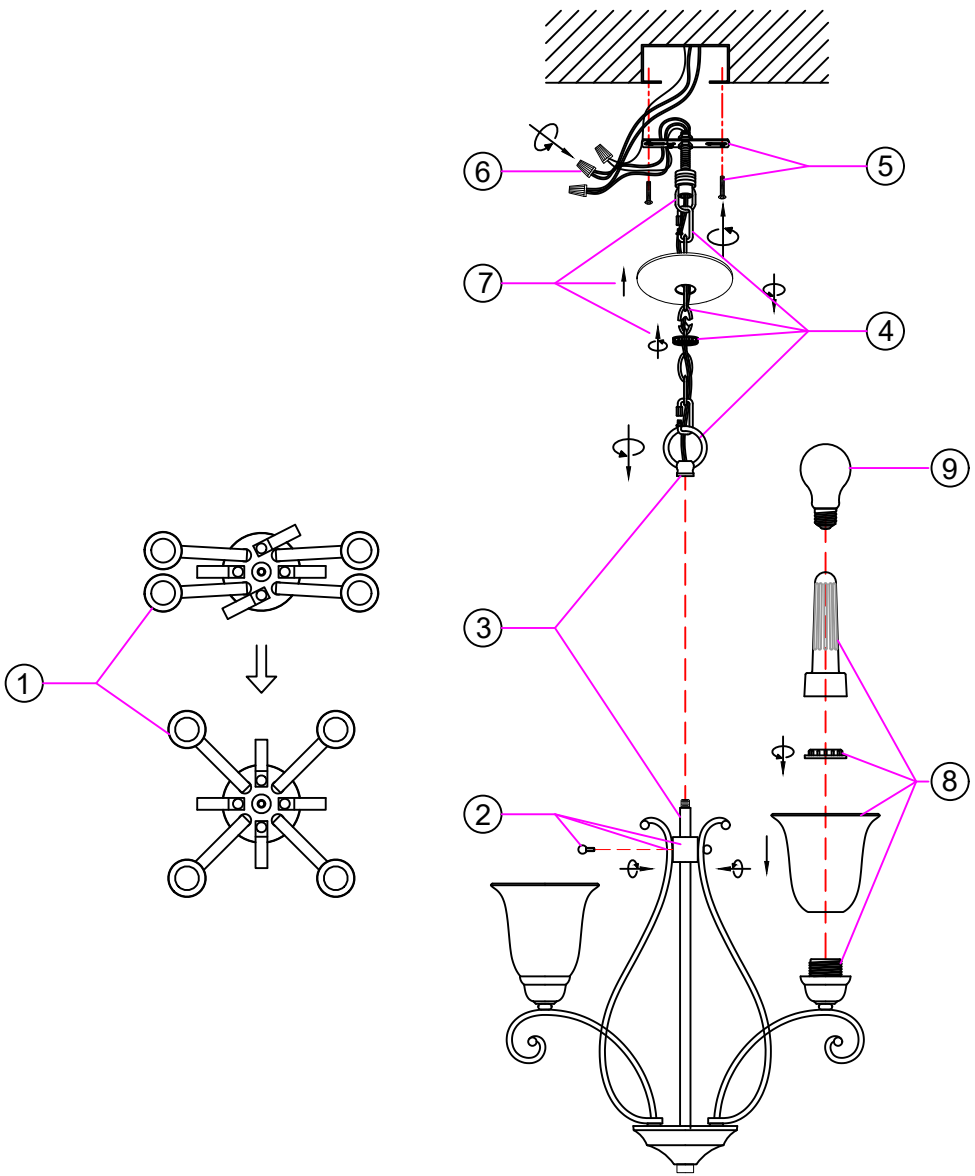
ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.



Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1.Adjust the fixture arms to even space.
2.Align the holes on the curved pipe with the threaded holes on the center rod, then secure the pipe using the threaded stud.
3.Securely attach the hanging loop to the fixture body.
4.Loosen the sliding clasp to adjust the chain and cord to the desired length. Thread the cord through the chain, screw collar loop, and canopy. Connect one end of the chain to the screw collar loop and the other end to the fixture's hanging loop.
5.Secure the mounting bracket to a UL-listed junction box using the provided screws.
6.Wring Connections
·Use wire connectors to connect the black (hot) wire to the black wire, the white (neutral) wire to the white wire, and the ground wire to the grounding terminal.
·Ensure no exposed conductors remain outside wire connectors or outside the junction box.
7.Secure the canopy to the mounting bracket using the screw collar loop.
8.Place the glass shade over the socket and secure it by tightening the retaining ring.
9.Install the light bulb into the socket. Do not exceed maximum wattage. (Bulb Not Included)
10.Restore power and test the light for proper operation.
Installation is complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
