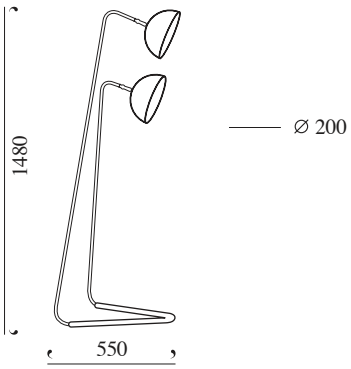
The Queen



Floor lamp double

Art. No. que m f d

Material - corroded steel, 23.75 ct gold, painted steel

Light-bulb - 2 x max 30 W E14

Voltage - 220-240 V ~ 50/60 Hz

Weight - 4 kg

Electrical cable - brown textile lined, in line switch

Environment - indoor

CE

Packaging - 156 x 37 x 22 cm / weight - 6 kg

The exterior of The Queen is made from corroding steel, while the inside of the lamp is covered with 23.75 carat gold plate. The spherical gold-plated form creates the illusion that the entire inner surface of the sphere radiates light. Its clean lines and simplicity characterize the shape of The Queen. In turn, the ambitious combination of materials creates a truly impressive image.

In this lamp the most valuable face of metal meets the poorest.

These two surfaces are entirely handmade; the queen's golden shine is guaranteed by the handcraft of expert goldsmiths, while nature draws spontaneous and unpredictable patterns on the rust. No two Queens on earth are the same!
