## MAINTENANCE:

**BULB INFORMATION:** This lamp requires a three-way 150-watt incandescent bulb or equivalent three-way CFL bulb (not included).

## **IMPORTANT SAFETY INSTRUCTIONS:**

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. **DO NOT ALTER PLUG.**
