CAUTION

Please read this manual carefully before assembling to reduce the risk of injury. If you encounter any problems

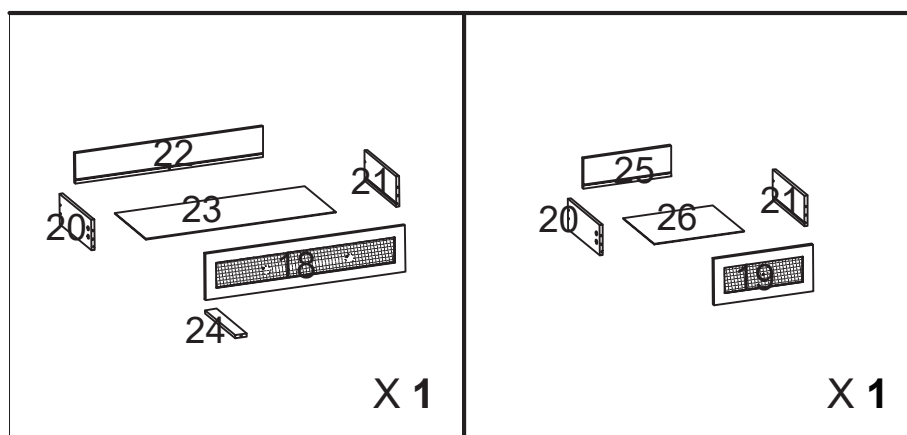

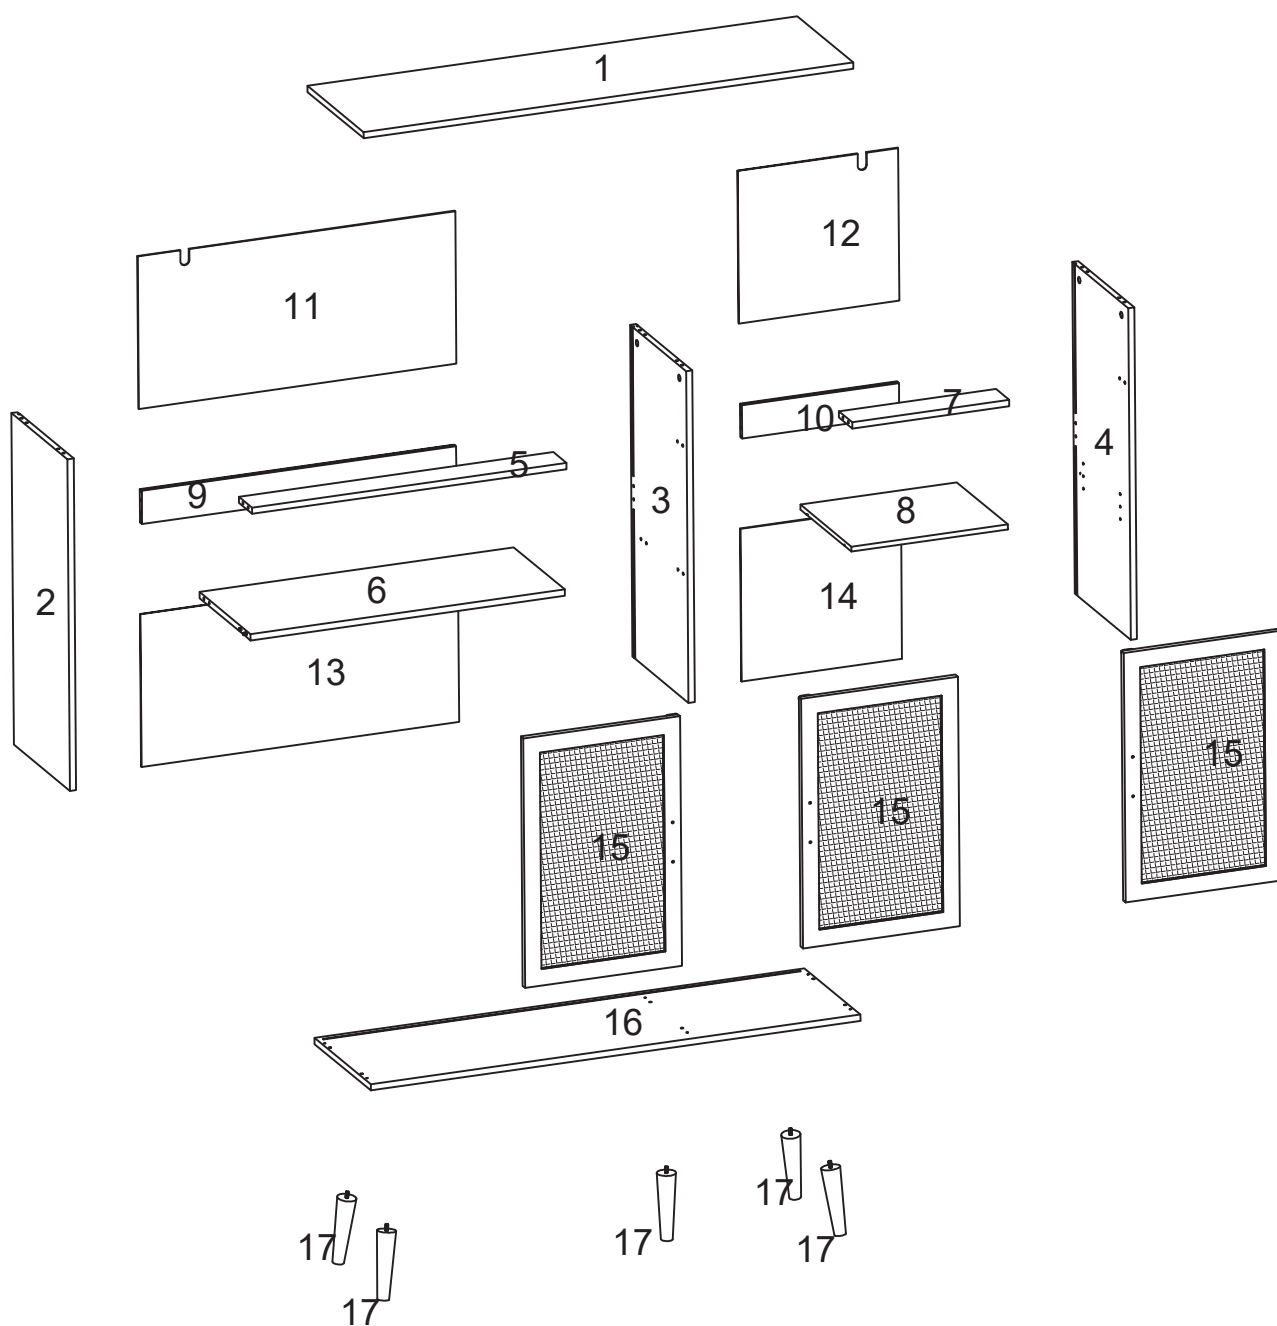

IMPORTANT PRECAUTIONS

WARNING: To reduce the risk of serious injury, carefully read all important precautions and instructions in this manual.

1. Avoid scratching the furniture when removing the outer packaging. Similarly, caution should be taken while slicing through the outer wrapper using a fruit knife or other sharp object to prevent accidentally leaving marks or other damage on the furniture's surface.
2. Avoid moving large furniture after installation, it is essential to know its placement before assembling it.
3. To avoid choking hazards, keep children and animals away from the work area.
4. Before starting assembly, ensure that you have enough space to layout all the parts.
5. Before drilling holes in the wall, it is essential to identify the precise positioning of the holes in order to avoid damaging electrical wiring, water pipes, and other potential obstructions, which could cause complications and necessitate additional renovations.
6. To avoid causing damage, do not stand or put weight on the product during assembly.
7. It is recommended to assemble the item as close to its intended location (e.g. the room it will be placed in) as possible.
8. Assemble on a soft, level surface to avoid causing damage to the units or your floor.
9. To decrease the risk of damaging your unit, make sure that your power drill is set to a low torque setting.
10. One part of the assembly may be easier with the help of another person.
11. Assemble all parts and bolts loosely during assembly. Only once the product is complete, you must fully tighten the bolts.
12. Double check whether the screws of the machine are loose.

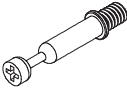

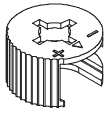

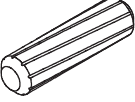

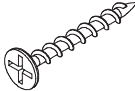

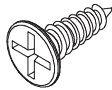

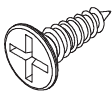

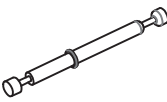

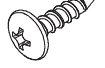

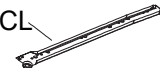

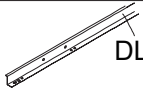

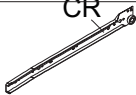

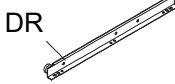

BEFORE ASSEMBLING

PACKAGE LISTS

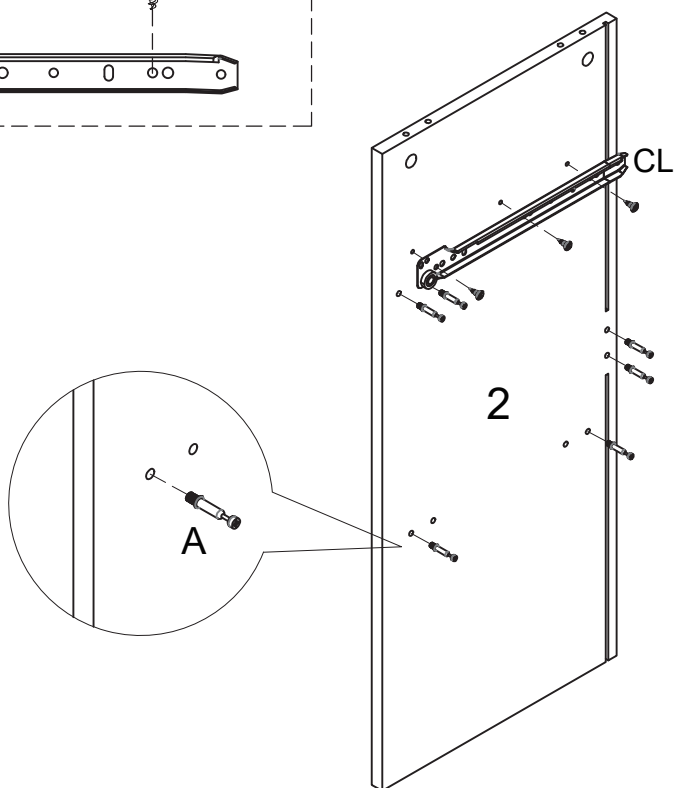

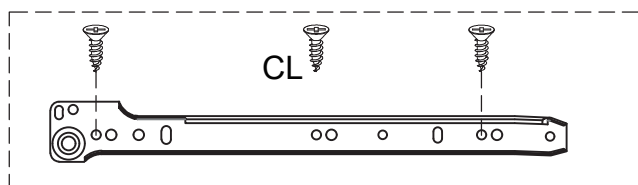

Please verify you have all the panels listed below.

NOTE: The listed amounts are adequate for completing the assembly. It's possible, though, that extra essential fittings may be provided during the installation.
