Installation

1

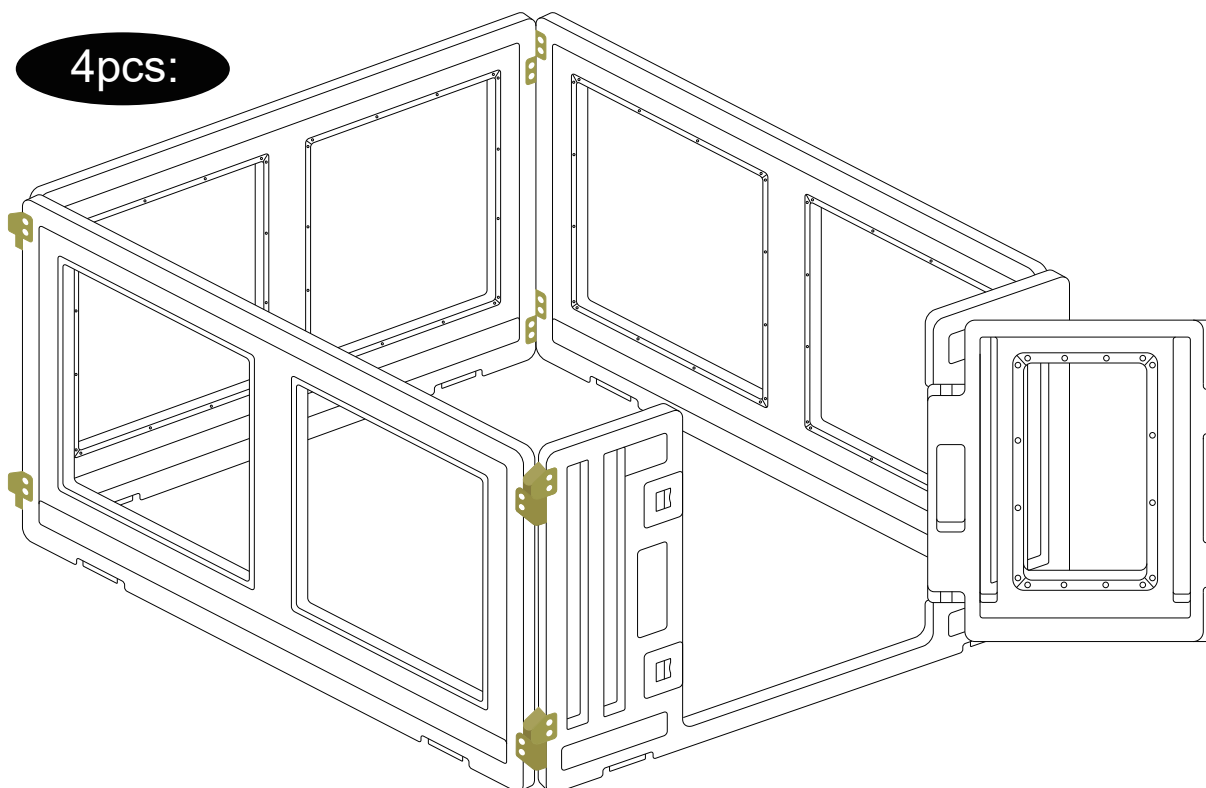

Assemble the door panel with any other panel.

Attention: The door panel must be assembled first. The side with two switches is the front, and the front of the door panel should be facing outward.

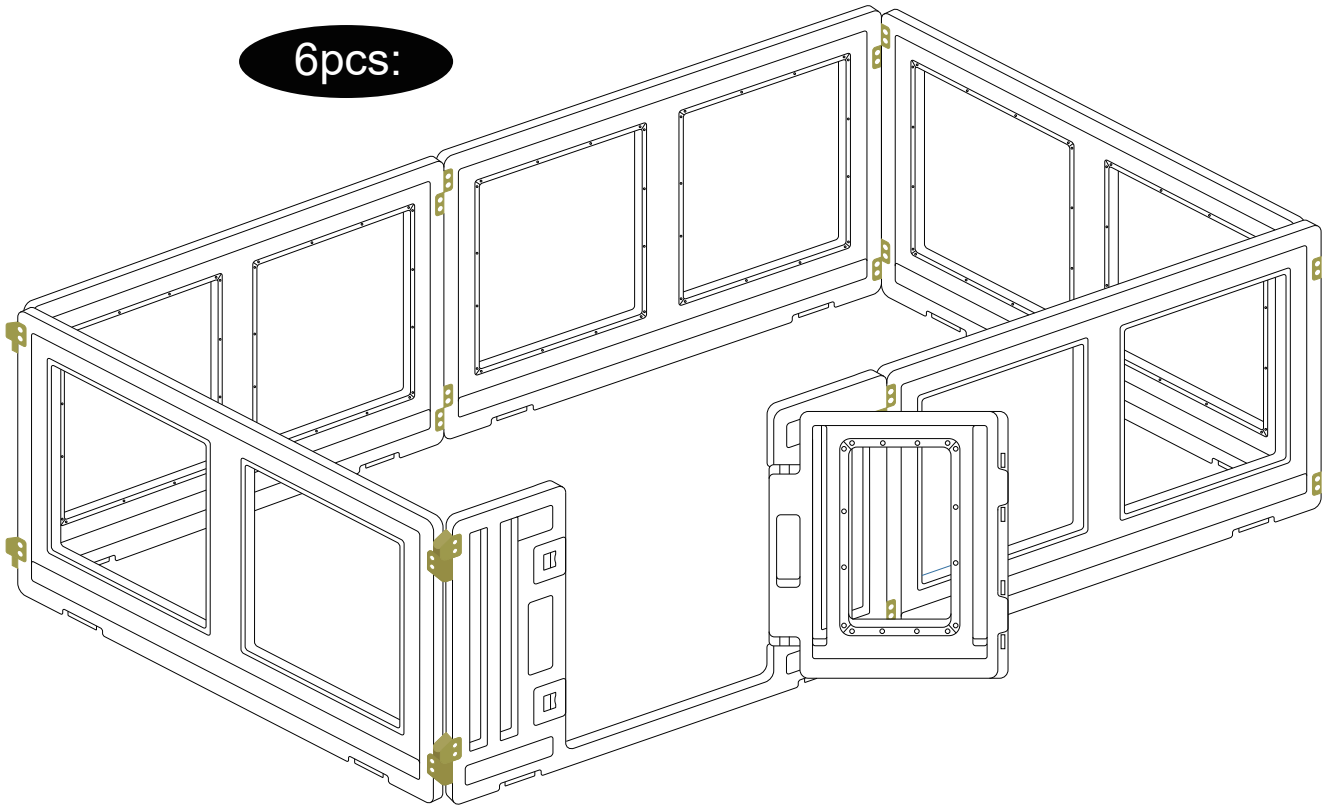

2

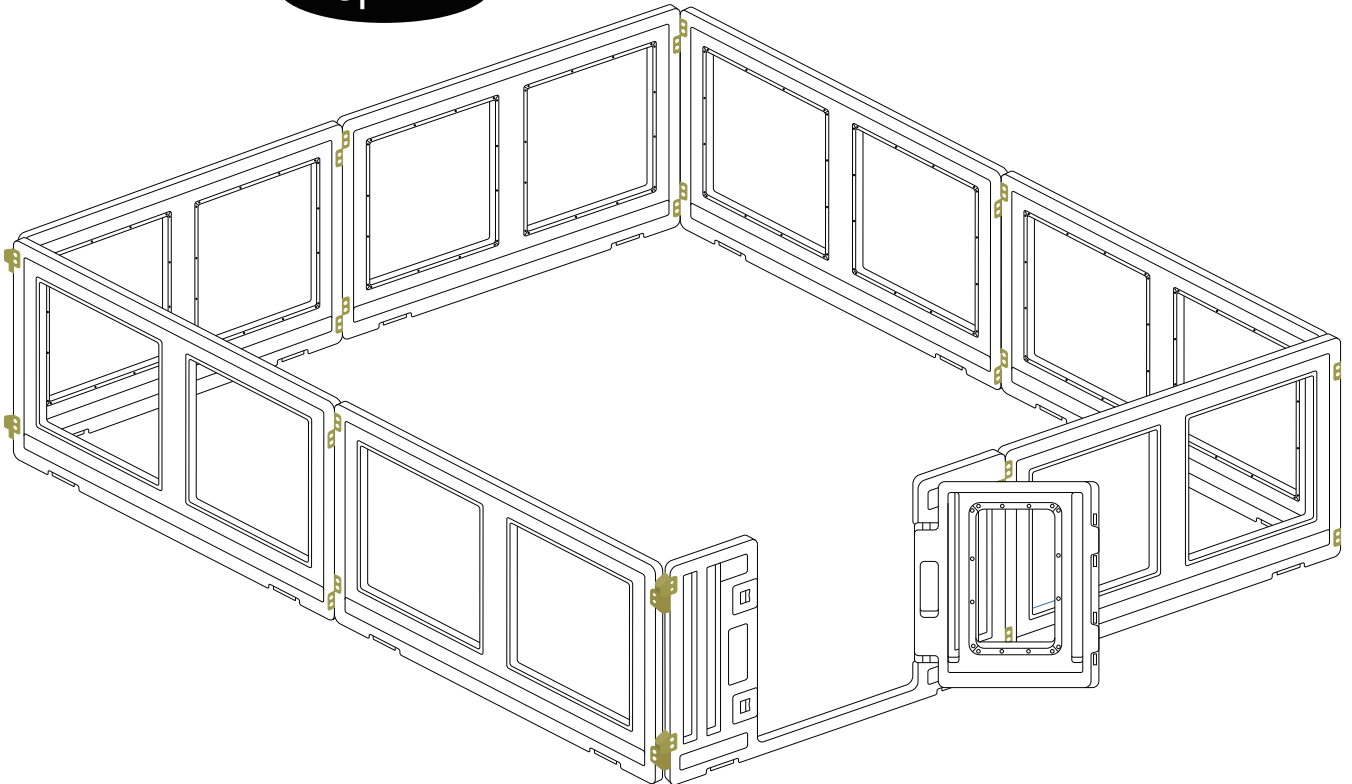

As shown in the figure, the installation is completed.

6pcs:

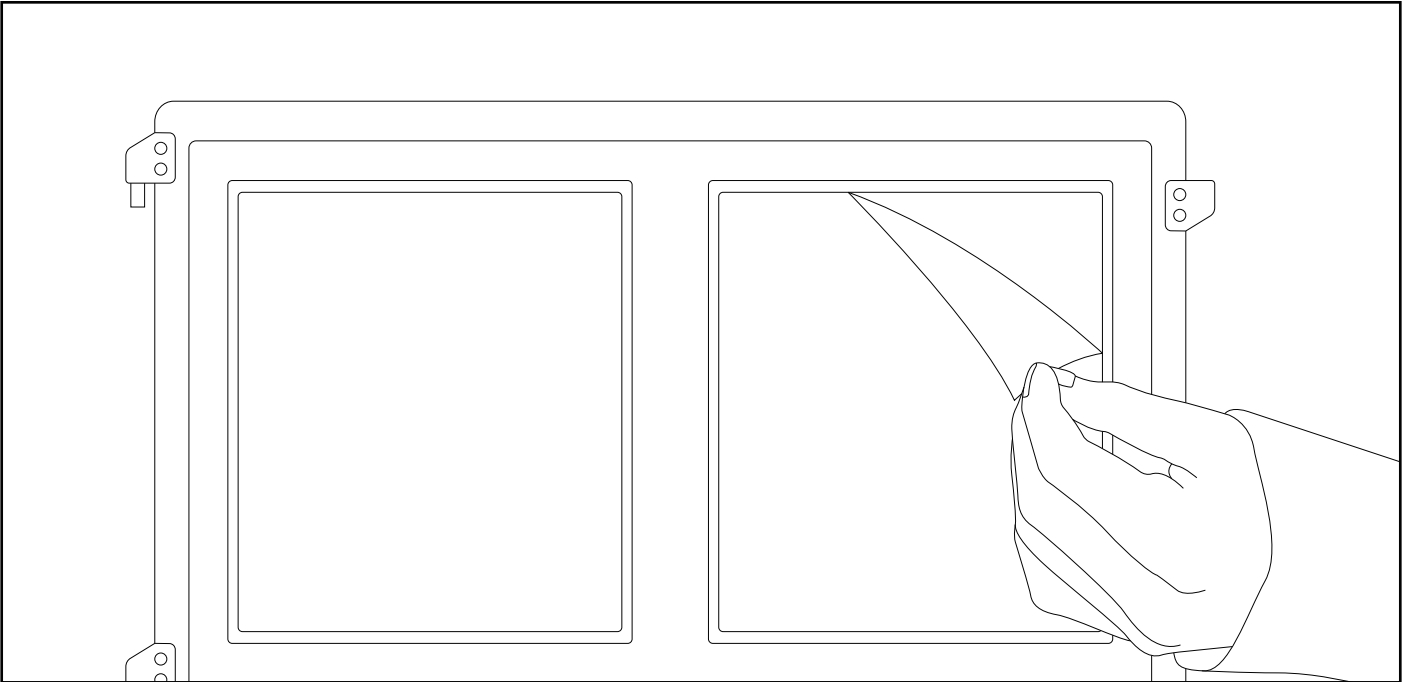

8pcs:

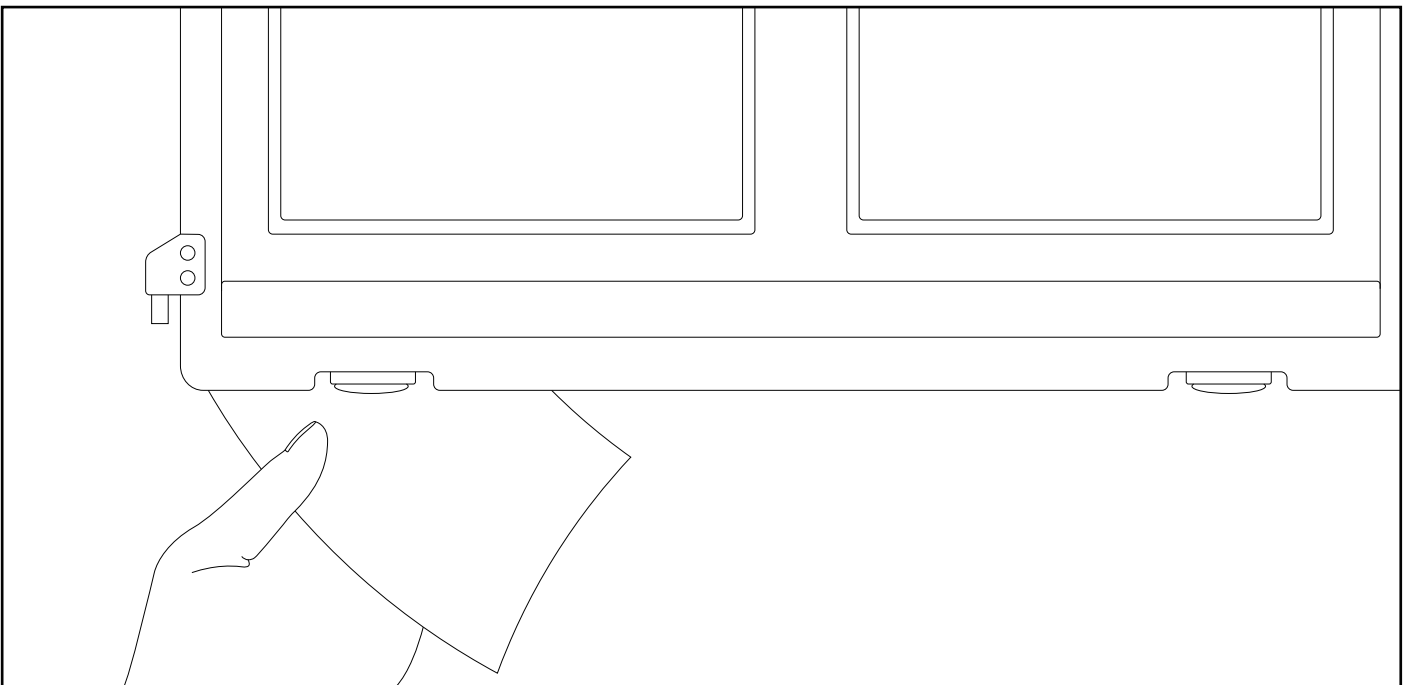

3

Tear off the transparent film on the board.

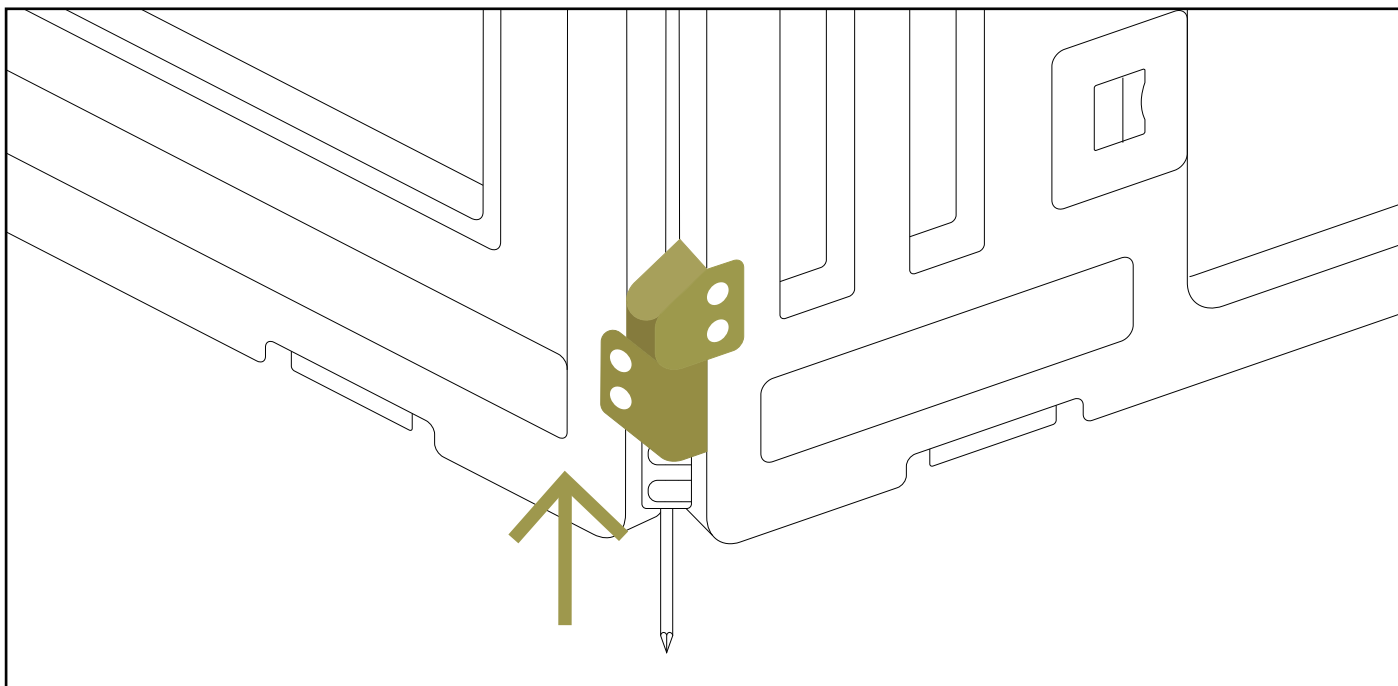

4

Wipe the bottom of the suction cup with warm water to enhance its suction force.

5

If you are using this transparent fence outdoors, please insert buried nails at the bottom connection of the two boards to secure this product.
