Desk Installation Diagram

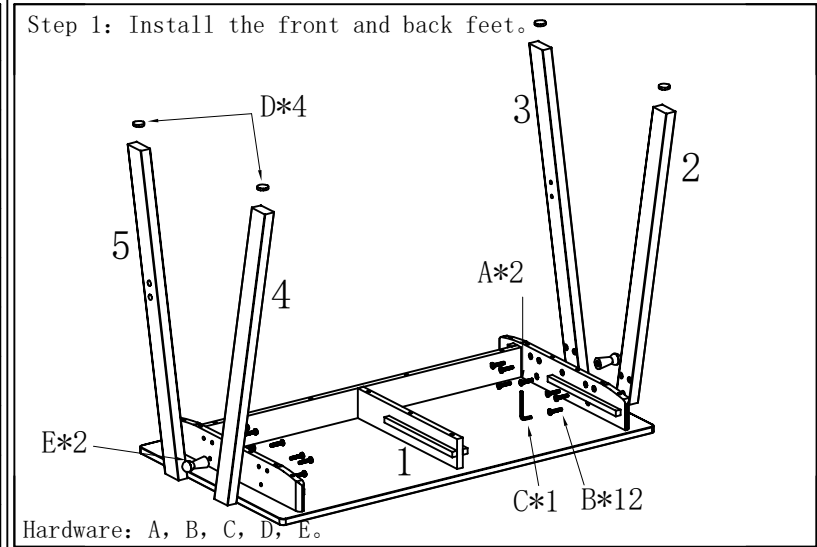

Parts List

[illegible]

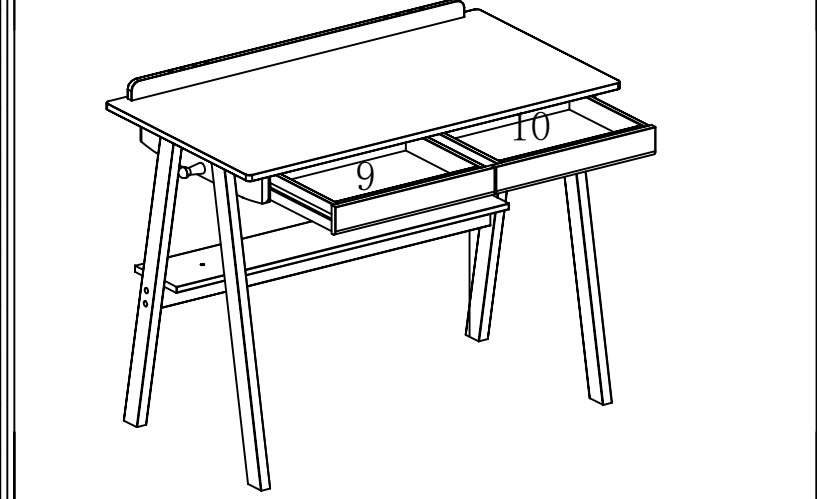

Step 1: Install the front and back feet.

This diagram illustrates the first step of assembly: installing the front and back feet. It shows a perspective view of the main rectangular frame (1) with a central divider. Two vertical legs, labeled 2 (back) and 3 (front), are being attached to the rear and front edges of the frame. Screws labeled A*2 are used to secure the legs to the frame. The legs are further reinforced with internal bracing: leg 2 has a brace labeled 4, and leg 3 has a brace labeled 5. Screws labeled D*4 are used to attach these braces to the legs. The front feet are labeled B*12, and the back feet are labeled C*1. Hardware E*2 is also indicated at the base of the legs. The diagram is labeled with numbers 1 through 5 and letters A through E, corresponding to the parts and hardware listed in the caption.

Hardware: A, B, C, D, E.

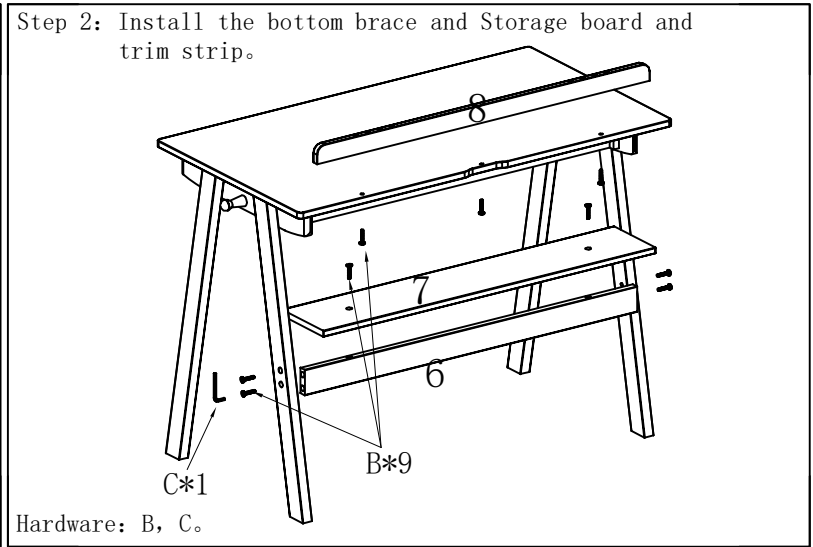

Step 3: Place the left and right drawers.

Step 2: Install the bottom brace and Storage board and trim strip.

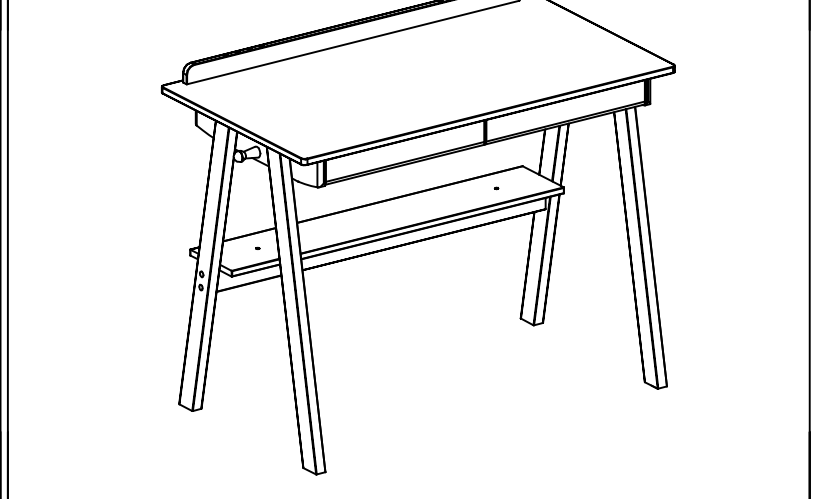

This diagram illustrates the second step of the assembly process. It shows the wooden frame with the top board (8) and the middle storage board (7) already in place. The focus is on installing the bottom brace (6) and the trim strip (C*1). The bottom brace is shown being attached to the legs with screws (B*9). The trim strip is shown being attached to the bottom edge of the storage board with screws (B*9). The diagram uses perspective to show the underside of the storage board and the bottom brace.

Hardware: B, C.

Step 4: Complete the installation.

A line drawing of a wooden table with a bench. The table has a rectangular top and four legs. The legs are made of two parallel pieces of wood. A bench is attached to the underside of the table. The bench is made of two parallel pieces of wood. The drawing shows the assembly of the legs and the bench.
