Product Description: Crafted of Pecan Veneers, Cane, Raffia and hand-tied Jute Rope, the Sundance Queen Rattan Bed epitomizes a relaxed California casual lifestyle. The signature bed is finished a rich dynamic brown finish called Cliffside with light burnishing on the edges. Includes the headboard, footboard and rails.

Collection Features: Calling on inspiration from the iconic Pacific Coast Highway and the picturesque Malibu landscape, Sundance presents a clearly California casual aesthetic. Featured in Cliffside, a rich, dynamic brown finish with light burnishing on the edges, the collection combines a variety of natural materials including rattan, jute rope, stone, gypsum, bamboo and driftwood motifs to present a sophisticated style that can instantly create a calming resort-inspired retreat in your very own home.

Status: New

Finish: Cliffside: a rich, dynamic brown finish with light burnishing on the edges. Distressing includes sandblasting, drawknife and wormholes.

Features: Includes headboard, footboard and rails

Queen size

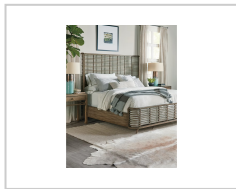

Hand tied jute rope

Levelers

Material: Pecan Veneers, Cane, Rope

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood

and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
