

ASSEMBLY INSTRUCTION

Installation Option I

Installation Option II

ASSEMBLY INSTRUCTION

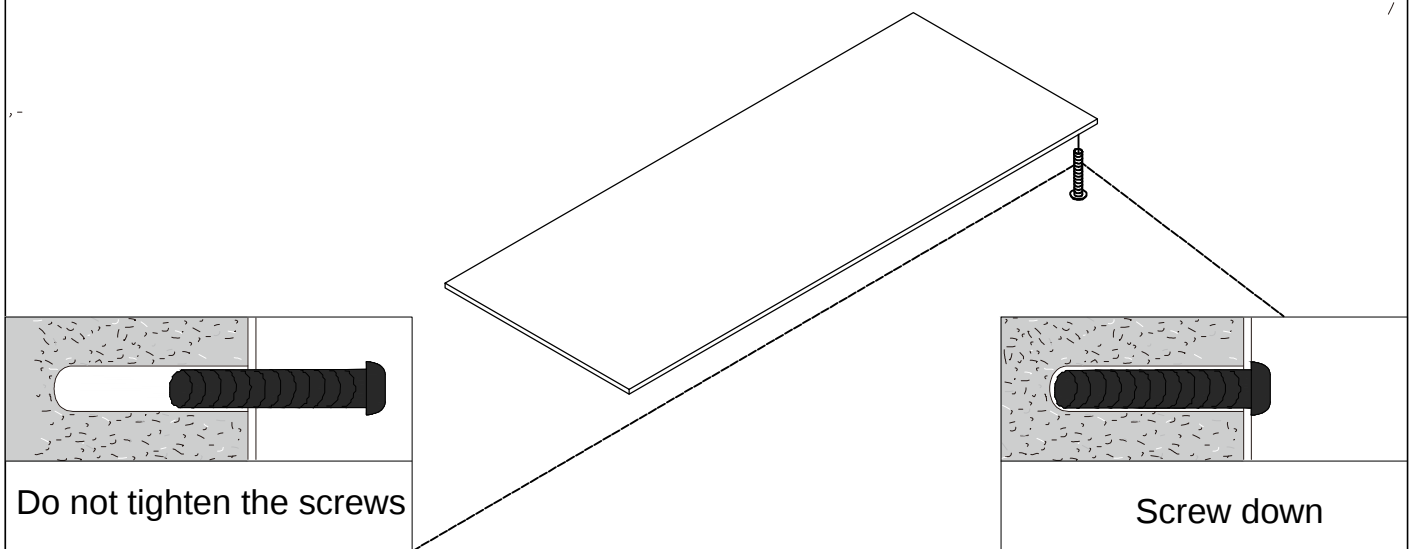

Matters needing attention

- (1) When installing the screws in the installation step, the screws do not need to be tightened.

then tighten all the screws.

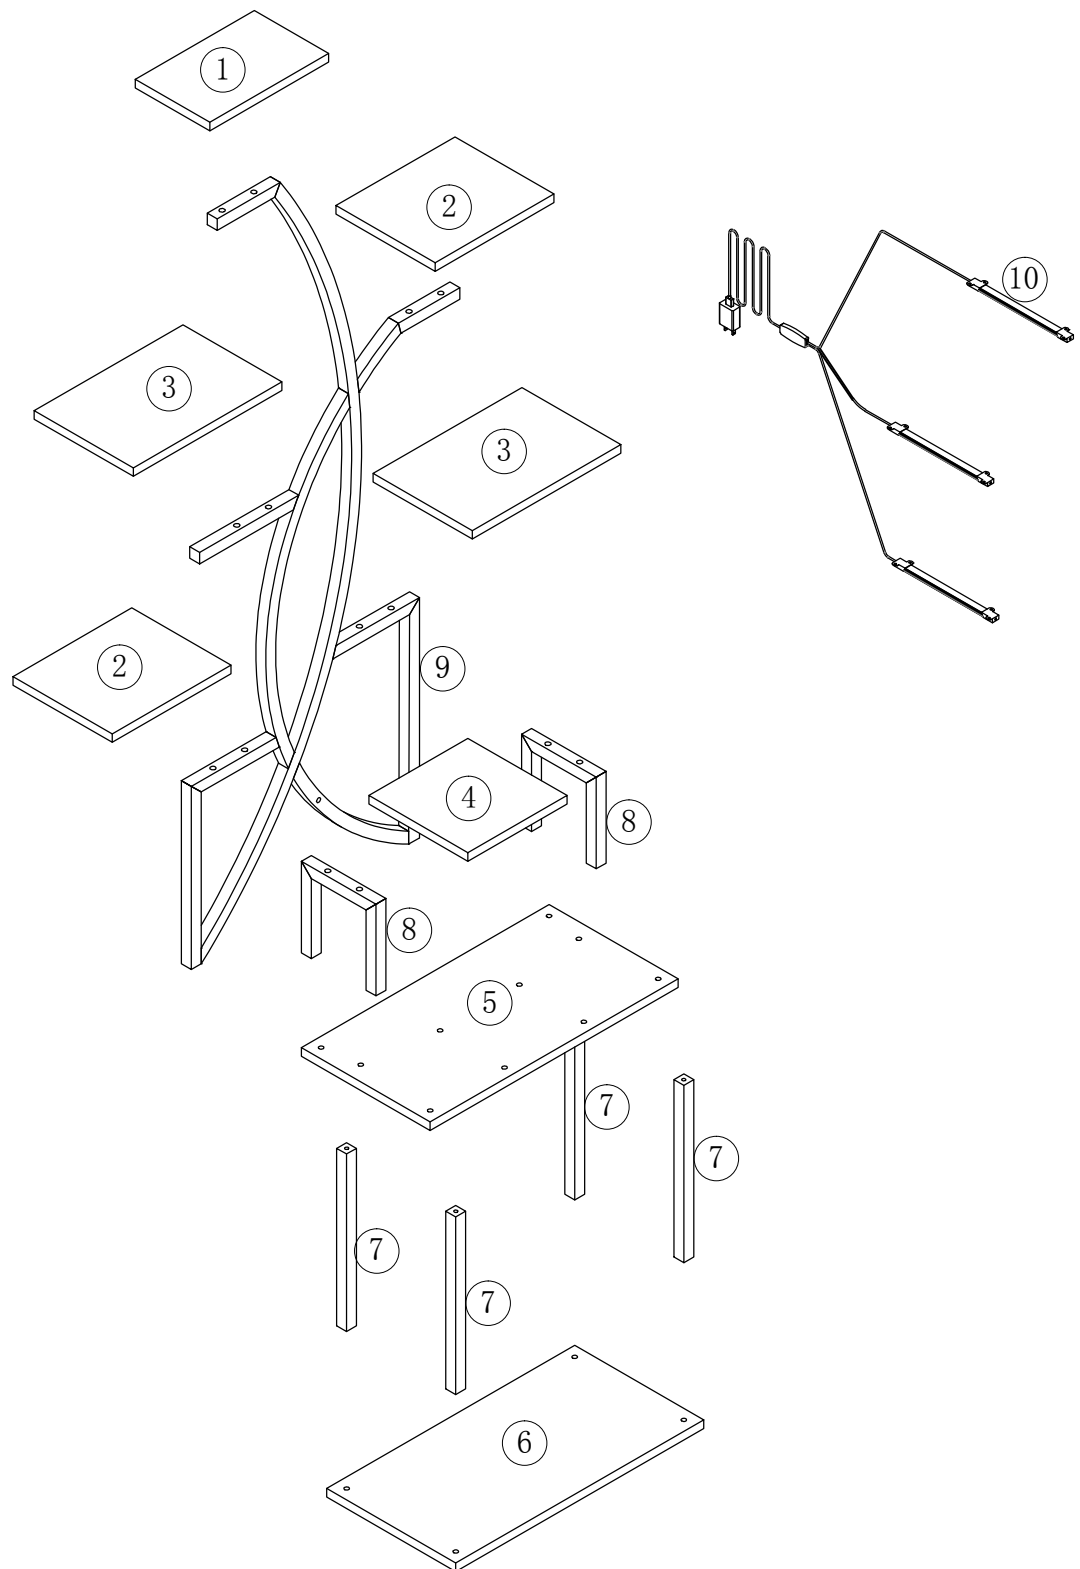

After this installation step is confirmed and the holes are aligned,

- (2) If the screws are tightened during the installation process, it will cause problems such as misalignment of the screw holes and misalignment of the board in subsequent installations.

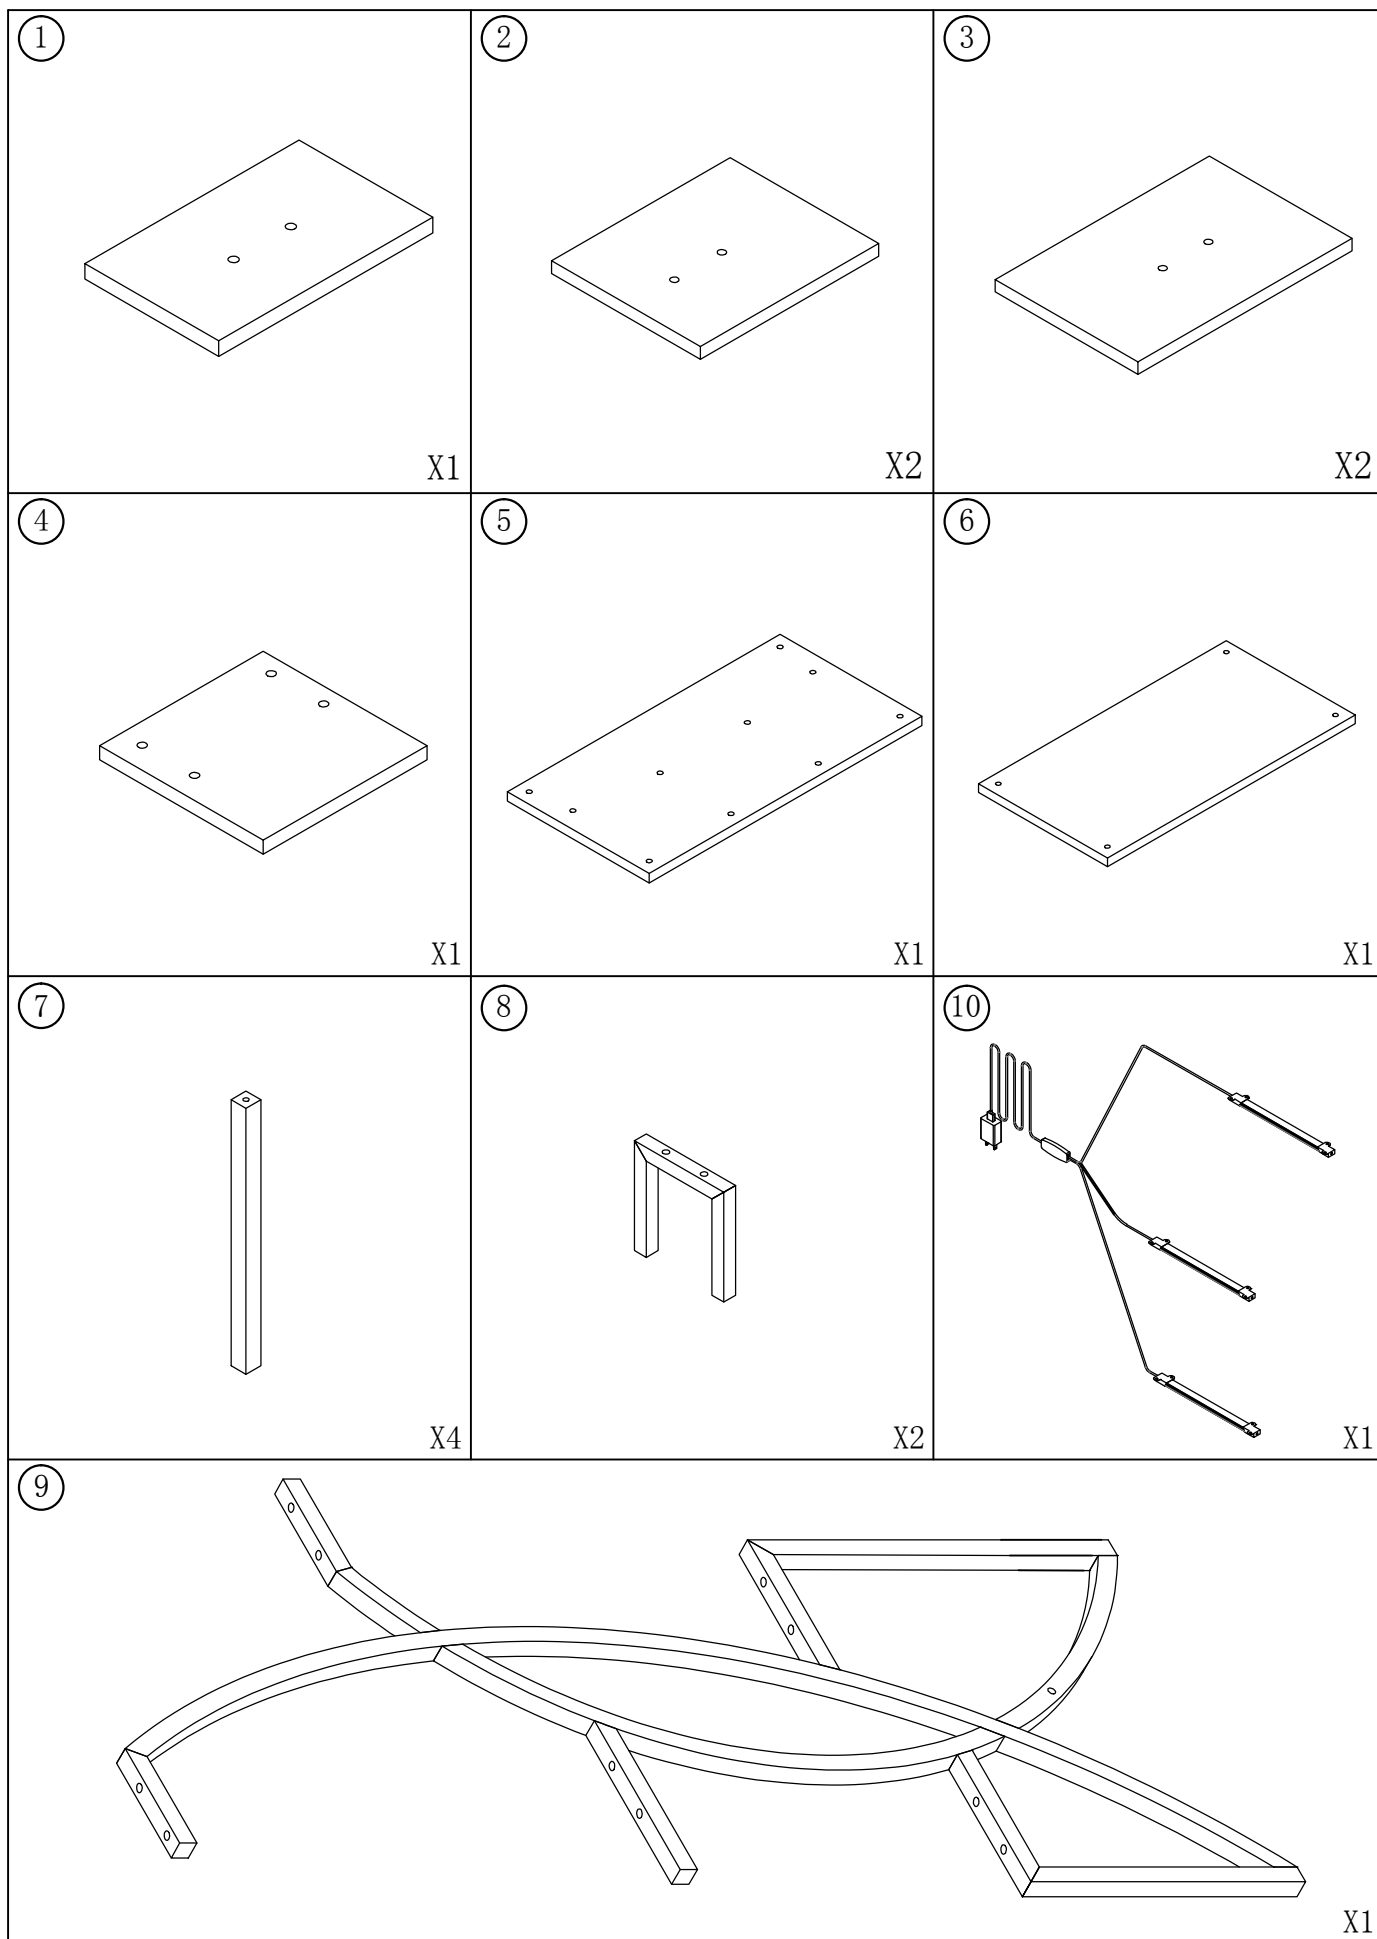

If you encounter any problems during the installation or use you can contact us at any time, we will resolve your issue within 24 hours
