Step 1

Attach spacer block (5) to left and right post (1)(2), using wood dowel (A) and JCB (D). Tighten with the Allen wrench (F).

TWIN > FULL

Step 2

Attach top / bottom rail (3) to the right post (2) as shown below. Using JCB (B) and barrel nut (C) tighten with Allen wrench (F). Guide the headboard panel (4) in carefully so that it won't jump out of its grooves. Be sure it fits fully into its groove at the post before fitting the left post (1).

Step 3

Attach left post (1) to the headboard assemble as shown below. Using JCB (B) and barrel nut (C) tighten with Allen wrench (F).

Step 4

Lastly, cover holes with wood button (E).

If you purchased a wood headboard to attach to metal bed frame, please refer to page 3.

ATTACHING HEADBOARD TO METAL BED FRAME

ASSEMBLY INSTRUCTIONS

Before assembling your bed, please read through these instructions carefully and familiarize yourself with the different parts.

Instructions apply for bed sizes
TWIN > FULL > QUEEN > KING

Adult assembly

Metal bed frames are sold separately from wood headboards. The hardware shown on this page is supplied with your wood headboard for attaching the bed frame to the headboard. The metal bed frame is supplied with its own assembly instructions and hardware.

Step 1

Attach the headboard assembly to the metal frame using JCB (G), flat washer (H), and split washer (I) then tighten with Allen wrench (F), as shown below.

Congratulations!

Your bed is now ready for use.

To ensure lasting safety, we recommend that you periodically check that all screws are tight and all parts are secure.
