Water on Neptune 3

D2539S50772-4075

Water on Neptune 3 is a series of three works that feature a tranquil coast scene. An enormous cloud bank leads the gaze upward, while contrasts emerge through the use of color and texture. A balanced color scheme in cotton, dove grey, steel blue, and navy blue imparts a sense of unity. A range of brushstrokes creates a textural sensation and offers contrasting atmospheric layers. A perfect blend of elements brings harmony to this piece.

Part of the carefully curated ART by TA Collection, a seemingly endless expanse of sky and water encourages feelings of hope and optimism in this original work of art on canvas.
