Welcome to Stevens I.D.SYSTEMS®!

Are you frustrated by the inability to find storage solutions that can be obtained in a timely manner and still fit your budget? I.D.SYSTEMS® is the answer!

A true "system" of storage units that fill the need for multiple applications, I.D.SYSTEMS® lets you create truly unique configurations to fit your storage requirements in an efficient and attractive manner.

Quality construction, backed by over 60 years of manufacturing experience, combined with an expansive array of color choices, provide the means for storage solutions that are not only attractive and functional but will also last for years to come.

State-of-the-art manufacturing methods and leading edge materials provide top notch quality at an affordable price.

I.D.SYSTEMS®...the complete solution for all your storage needs.

Library

CABINETS SOLUTIONS FOR LEARNING ENVIRONMENTS

Attractive

STEVENS I.D.SYSTEMS® Library furniture is available in rich woodgrains with matching or stone-look worksurfaces to create an attractive space. Ideal for an educational facility or a busy municipal library, I.D.SYSTEMS® is a seamless combination of function and style.

Functional

Modular Circulation Desk Stations allow creation of unique arrangements to fit individual library needs. Starter/ Adder Shelving is available in both single and double faced configurations for maximum flexibility. Choose STEVENS I.D.SYSTEMS® to equip a dynamic, flexible space with study carrels, computer stations and more. The wide range of complementary units completes a unified environment in both design and color.

Durable

Stevens has been providing cabinetry and storage solutions for more than six decades! Quality construction begins with 3/4"-thick components with woodgrain textured thermofused laminated faces and matching impact resistant edges. Durable laminate surface resists scuffs, spills and stains. STEVENS I.D.SYSTEMS® products are guaranteed free of defects in materials and workmanship for five years.

Easy to Install

Most cabinets come fully assembled, and Circulation Desk Stations are combined with an easy joining system. Starter/Adder Shelving assembles with a combination of wood dowels and rigid cam lock fasteners for maximum strength and durability.

MADE IN THE U.S.A.

I.D.SYSTEMS® Circulation Desk Stations

Available 40" and 30" high

Wire Management

Cords can be routed through the top and ends for maximum flexibility and are concealed within a wire management trough.

Drawers

¾" full box drawers with dowel joints and trapped bottoms. 100# capacity slides with powder coat finish.

Levelers

Heavy duty levelers are reinforced with metal bracket for maximum strength.

Concealed Hinges

Self-closing 120° concealed hinges create a crisp, clean look, with minimal invasion of interior space.

I.D.SYSTEMS® Starter / Adder Shelving

Available single and double face

High Impact Edges

Edges are 3mm high impact solid extrusion materials for greater durability.

1" Thick Shelves

Shelving is 1" thick with five-point deflection reduction support features and is adjustable in 1¼" increments. Also available with wire loop dividers.

Full ¾" Thick Back

For superior strength.

6-Tumbler Locks

Optional 6-tumbler locks with dead bolt mechanism provide added security.

Precision Dowel Pin Construction

¾" material and precision dowel pin structural joinery. Composite panels from recycled and reclaimed materials.

NOTE: Tall, non-mobile units must be securely anchored to building structure.

I.D.SYSTEMS® Circulation Desk Stations

are a collection of modular units that can be configured to suit specific room layouts and library activities.

End panels are pre-drilled for attachment with reversible joiner strips (one edge matches cabinet laminate, one edge is black). Each station includes one pair of $\frac{3}{4}$ " joiner strips for combining same-height units. To attach different-height units, a $\frac{3}{8}$ " joiner strip kit is required (available separately).

For standalone use, black plugs are provided to cover the pre-drilled holes.

Joiner Strip —
Matching Edge

Joiner Strip —
Black Edge

When same-height units are placed side-by-side, there is a $\frac{3}{4}$ " gap for standard $\frac{3}{4}$ " thick joiner strips.

$\frac{3}{4}$ " thick joiner strips (two included with each unit)

When different-height units are placed side-by-side, there is only a $\frac{3}{8}$ " gap, requiring a $\frac{3}{8}$ " joiner kit (see page 24).

$\frac{3}{8}$ " joiner kit contains two $\frac{3}{8}$ " thick joiner strips

Stevens Industries, Inc., the manufacturer of Stevens I.D.SYSTEMS®, is committed to environmental/sustainable responsibility. From our well-informed choice of materials to our state-of-the-art manufacturing, I.D.SYSTEMS' final products are assured to be safe and environmentally friendly. Attributes include — but are not limited to:

Architectural Woodwork Institute (AWI):

Architectural Woodwork Institute (AWI) was established in 1954 for producers of custom millwork. Since its inception, the group has dedicated its resources to improving architectural woodwork industry standards through education and collaborative efforts by its members. AWI members offer customers the added assurance that the manufacturer is knowledgeable of, and adheres to, the industry's high standards. We're proud to be a long-standing AWI member. www.awinet.org

The Architectural Woodwork Institute Quality Certification Program (AWI QCP) has been available since 1995. This program has been recognized by architects, designers and specifiers as the authoritative source of guidance on fine architectural woodwork. It offers an increased level of consumer protection in architectural woodwork sections of construction documents and allows designers and specifiers to include a total quality management mechanism for woodwork in project documents. www.awiqcp.org

UL GREENGUARD Certification:

Stevens Industries, Inc. is proud to be one of the few casework, millwork and panel laminators to have achieved GREENGUARD Gold Certification for our products. Our high-quality laminated products have been engineered to meet stringent green standards. GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) maintains stringent certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly) and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System.

www.ul.com/gg

Forest Stewardship Council (FSC):

FSC® (Forest Stewardship Council®) certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC Trademark License Code: FSC-C014934. Ask us about our FSC products!

www.fsc.org

American Institute of Architects (AIA):

Since its inception in 1857, the American Institute of Architects (AIA) has served as a resource for members and a voice of the industry. The AIA sponsors continuing education for those in the field, sets industry standards in contract documentation, and conducts market research and analysis. AIA celebrates the artistic designs of its members and recognizes their work through an awards program. www.aia.org

American Society for Quality (ASQ):

American Society for Quality (ASQ) is the world's leading membership organization devoted to quality. When ASQ says "quality" they mean best practices, continuous improvement, and tapping the full power of knowledge. www.asq.org

Construction Specifications Institute (CSI):

Construction Specifications Institute (CSI) is a national association of specifiers, architects, engineers, contractors, building materials suppliers and others involved in commercial and institutional building design and construction. The organization has 145 chapters and more than 16,000 members. CSI provides technical information and products, continuing education, professional conferences, and product shows to enhance communication among all disciplines of building design and construction, and to meet the industry's need for a common system of organizing and presenting construction information. www.csinet.org

National Association for the Education of Young Children (NAEYC):

The National Association for the Education of Young Children (NAEYC) is dedicated to improving the well-being of all young children, with particular focus on the quality of educational and developmental services for all children from birth through age 8. NAEYC is committed to becoming an increasingly high performing and inclusive organization. www.naeyc.org

<90ppm lead content standard under Consumer Product Safety Improvement Act (CPSIA)

Exceeds California Air Resources Board (CARB) 2 requirements

Complies with California's Prop 65

Five Year Warranty

I.D.SYSTEMS® furniture is warranted for a period of five (5) years from date of delivery to the original purchaser. Products are warranted to be manufactured free from defects in material and workmanship, absent any misuse or damage.

I.D.SYSTEMS® shall promptly, at their option, repair or resupply a like quantity of non-defective product. Claims shall be verified in writing within 30 days of the date the defect is discovered.
