Roman Column Pedestal – General Instruction Manual

Product Overview

This Roman column pedestal is constructed from durable, weather-resistant materials (Magnesium Oxide Stone Composite) for long-lasting outdoor use. It provides a stable display platform for potted plants, sculptures, figurines and decorative ornaments to elevate your garden, patio and event decor.

Specifications

Maximum Load Capacity: 25 kg (55 lbs)

Applications

Ideal for gardens, lawns, patios, porches, indoor hallways, wedding scenes and party decoration.

Usage Instructions

Place the pedestal on a flat, level, and stable surface before placing items to prevent tipping. Do not stand, climb, or lean excessively on the pedestal. Do not overload beyond the 25 kg weight limit.

Care & Maintenance

Clean regularly with a soft cloth and mild soap; rinse and dry thoroughly. Avoid prolonged exposure to extreme rain, direct strong sunlight, to prevent fading, or material degradation. Store in a dry area when not in use for extended periods.
