FEATURES:

Give a space a bright dose of flower power with our Fleur Small Accent Table, which we know will draw smiles from all who spy its blossoming top. We've made this winsome design from iron and treated it to a lustrous gold leaf finish. It takes talent to create whimsical designs that also read as super chic, and our design team proves they have the chops to do this over and over again. This is the shorter version of the Fleur; we also offer it in a taller version in the same finish.
