Playard Warnings

 **WARNING:** Failure to follow these warnings and the instructions could result in serious injury or death. This product including side rails, must be fully erected prior to use. Make sure latches are secure.

SUFFOCATION HAZARD

INFANTS HAVE SUFFOCATED:

- In gaps between a mattress too small or too thick and product sides
- On soft bedding
Never add a mattress, pillow, comforter, or padding. Use only the mattress provided by manufacturer.
- The playard mattress/pad is specially designed to prevent suffocation. The playard mattress/pad has a solid base, which must be at least 40 in. long and 28 in. wide and not more than 1 in. thick in order to meet safety standards. Using a thicker or a different sized mattress/pad may allow a child's head to get between mattress/pad and the side of the playard causing suffocation.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep, unless otherwise advised by your physician.
- ALWAYS place child on back to sleep.
- **NEVER use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose.** They can cause suffocation.
- **NEVER use a water mattress with this product.**

FALL HAZARD: Always check that the bassinet is securely locked on the base/stand by pulling upwards on the bassinet.

 **WARNING: STRANGULATION HAZARD:** NEVER LEAVE INFANT IN PRODUCT WITH SIDES DOWN. Infant may roll into space between pad and loose mesh side causing suffocation.

- Strings can cause strangulation! NEVER place items with a string around a child's neck such as hood strings or pacifier cords. **NEVER suspend strings over playard or attach strings to toys.**

WARNING

- **NEVER** place the playard near a window where cords from blinds or drapes can strangle a child.
- Child can become entrapped and die when improvised netting or covers are placed on top of a playard. Never add such items to confine child in playard.
- **NEVER** leave child in product with sides lowered. Be sure sides are in raised and locked position whenever child is in product.

WARNING: See playard floor and side rails for warnings.

- The playard, including side rails, must be fully erected prior to use.
- Make sure latches are secure.
- Discontinue use of the product when child is able to climb out or has reached the height of 35 in. (890 mm), or 30lbs. (13.6kg)
- When child is able to pull to standing position, remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- **ALWAYS** provide the supervision necessary for the continued safety of your child. When used for playing, never leave child unattended. Child in crib must be under supervision at all times.
- **ALWAYS** ensure that the playard, changing table, and the Portable Bassinet are safe by checking regularly, before placing the child in it, check that every part is properly secured in place.
- **NEVER** leave the Bassinet in place when child is in playard.
- **NEVER** leave Changing Table in place when child is in the playard.
- **NEVER** leave Portable Bassinet in place when child is in the playard. Only one child can use the Playard/Nursery Center at any time.
- **NEVER** use this product if there are any loose or missing fasteners, loose joints, broken parts, or torn mesh/fabric. Check before assembly and periodically during use.
- This product is not intended for commercial use.

AVERTISSEMENT

IMPORTANT! To ensure safe operation of your playard, please follow these instructions carefully. Please keep these instructions for future reference.

IMPORTANT! Before assembly and each use, inspect this product for damaged hardware, loose joints, missing parts or sharp edges. NEVER use if any parts are missing or broken.

IMPORTANT! Adult assembly is required.
