Brand: Hooker Furniture

Product Description: Inspired by a French antique, the classic chevron veneer pattern on the top of the Castella Executive Desk gives striking character to this stunning piece that is a worthy focal point for the office of any successful professional. A center bonded leather writing surface adds to the prestige, and the relaxed rustic Antique Slate finish has the look of natural wood bathed in sunshine. Functional elements include a center drawer with drop-front for keyboard use; two drawers with one removable writing insert and pencil tray for use in either drawer and three slots with two removable dividers in each drawer. Two utility drawers and two locking file drawers with Pendaflex letter/legal filing system.

Collection Features: Commanding attention in any space, the impressive scaling of the Castella Collection combines with classic design elements including scrolls, serpentine shapes, rope twist molding, acanthus leaf details and fleur-de-lis accents to create old world charm. Infused with emotion, the collection's exuberant scale and timeless motifs define its casually opulent style. Presented in an updated mid-tone brown finish with a beautiful patina, Castella offers Classic European design with an updated twist.

Status: New

Finish: Antique Slate: a mid-tone brown finish with a beautiful patina. Distressing includes sandblasting, drawknife, wormholes and stone. Knob pulls in an antique silver finish.

Two utility drawers with three slots and two removable dividers

Two locking file drawers with pendaflex letter/legal file system
Levelers

Leather center writing surface

Material: Pecan, Quartered Hickory, Quartered Black Walnut, Quartered Ash and Maple Veneers with Leather

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
