

Product Assembly Instructions

Step 1 : Turn the table top over and place it on the ground where the exterior finish will not be scratched.

Step 2: Align the screw holes of the table legs with the screw holes of the table top, insert the screws in each hole, once the screws are in place, tighten the screw until firmly attached with the wrench provided.

Step 3: Each leg has 2 leveling adjustments that can be adjusted at this time.

Step 4: Flip the table over upright as seen.

Step 5: Enjoy your new table.
