

## Sectional Sofa

### Sectional Sofa Setup Instructions

- 1 After unpacking, please check the product for any damage. The package includes:
  - Compressed Sofa Package x2 (total: 3 sofa sections, 3 back cushions, 2 small throw pillows)
  - Unpacking Tool x1
- 2 Use the **unpacking tool** to cut open the outer plastic wrap of the sofa. **Do not use scissors or utility knives to cut the wrap directly, as this may damage the sofa.**
- 3 Remove the sofa from the packaging and place it in a well-ventilated, shaded area for 48 to 72 hours to allow it to fully expand and regain its original shape.

### NOTE

- 1 Due to the unique properties of foam, the dimensions after expansion may vary slightly. This is normal and will not affect the performance of the sofa.
- 2 The new sofa may have a slight, non-toxic odor. It will dissipate naturally after proper ventilation.
- 3 Discoloration may occur over time due to oxidation. This is a natural process and does not affect the function or durability of the sofa.
