Manual Version #2

ITEM	PART IMAGE	MODEL	8 FT	10 FT	11FT	12 FT	13 FT	14 FT	15 FT
C1		1" Pole cap	8	8	8	8	8	8	8
C2		1.5" Pole cap	8	8	8	8	8	8	8
E		Fiberglass Rod	5 (50.94inch)	8 (40.55inch)	10 (37.4 inch)	10 (39.17 inch)	11 (39.76 inch)	11 (41.73 inch)	11 (46.93 inch)
F		Fiberglass Rod Connector	1	1	1	1	1	1	1

Step 1

Connect the Pole Caps Ⓒ* to the top of the poles with screw.
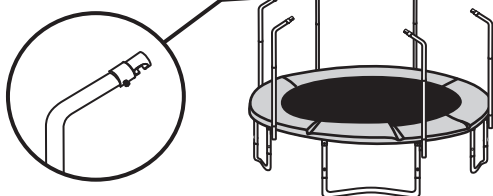

* Use the pole cap that fits you pole diameter

Step 2

Start connecting the Fiber glass to each other, by clicking them together, until you finish all the rods

Step 3

Start to run the connected Fiberglass pieces (from step 2) through the opening in the upper edge of the safety net until you reach the other end of the opening. Continue to Next opening until you form the entire circle, and both ends are coming together.

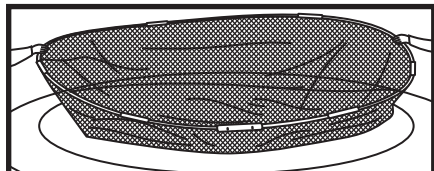

Step 4

Connect the 2 ends of the rods together with the Rod Connector Ⓕ by clicking in the extruded parts from rods Ⓕ in the holes of Rod Connector.

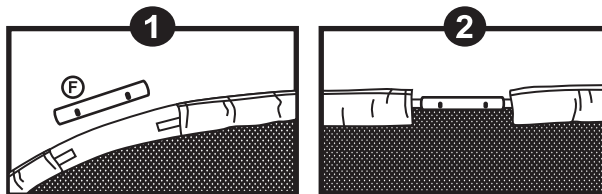

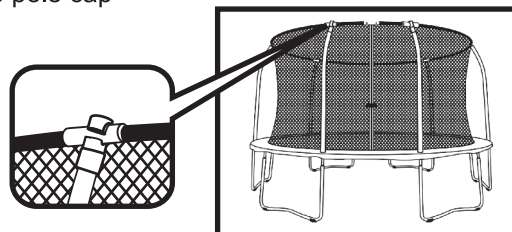

Step 5

To connect the ring, have another person stand on the opposite side of you and push the rods towards the center as shown in fig.

Step 6

Insert the assembled rod circle into the opening of the pole cap
