

INSTALLATION MANUAL

STEP I Unpacking

Open the box, and take out all the accessories, you will get the following items.

FAQ

Q: When I open the box, I find that the glass fittings are broken, what should I do?

A: As glass lampshade fittings are handmade and inherently fragile, we have taken this situation into consideration. We have prepared spare glass fittings in each box, which is sufficient for your needs installation. If there are more broken glass fittings, please contact us in time, we will send new glass fittings to you.

STEP II Accessory Detail

A*2 	B*1 	C*6 	D*6 
E*2 	F*6 	G*4 	H*1 
I*18 	J*18 	K*0	L*0

STEP III Wiring and Mounng

1. Adjust the length of hanging cable and wire according to your requirement.
2. Take off the mounng bracket from ceiling canopy, and install it on ceiling.
3. Connect lamp wires and your house wires together.
4. Install the lamp frame on ceiling.

FAQ

Q: How do I differentiate between N/L wiring and a ground wire?

A: We have already distinguished between the N/L markings on the wires and the brass wire on the mounting bracket is the ground wire.

STEP IV Hanging Pendants

FAQ

Q: What if the bulb is not vertical when installed?

A: We can fine-tune the angle of the lamp holder to ensure that the light source is vertical when locked!
