Ruminate 1

D2783S55653-4743

Ruminate 1 recalls the mid-1950s work of American painter Cy Twombly. In keeping with Twombly’s style, this impressive work features scribbles, drawn objects, and dabs of bright white paint. Taken together, these details convey a sense of fluidity and abstract movement that can be felt across the canvas. A muted color palette of light grey, platinum, and eggshell tie the piece together. A beautiful addition to ART by TA, Ruminate 1 uses subtle forms and tones to create an air of quiet reflection.
