

Installation Steps

1. Use screws to fix the mounting bracket to the junction box.
2. Use wire cap to gather and connect the (L) wire and home LIVE wire, connect the (N) wire and home NEUTRAL wire. Please note that the bare wires should not be exposed to avoid leakage. Connect the ground wire wire and the home ground wire onto the mounting bracket by using the green screw.
3. Attach the ceiling plate to the mounting bracket by tightening the screw to fix the light fixture.
4. Screw all the crystal strings into the holes of the lamp body
5. Cut the tie with scissors and let the crystal strings spread out naturally.
6. Insert the G9 LED bulbs on the lamp holder (Bulbs Not Included).
