Assembly Preparation

Before Beginning Assembly

Read instruction, cover to cover.

Have 2 adults on hand for assembly.

Do not assemble on flooring or carpet.

Assemble on a clean non-marring surface (packing foam).

Save all packaging until finished

Assembly Steps

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface

Step 2

Place the Table Top (A) facedown onto a clean, non-marring surface. Insert Legs (B) into the mounting positions on the Table Top (A), then attach using Bolts (①), and Washers (②) with Allen Key (③) as shown above. **Do not fully tighten the Bolts.**

Step 3

Stand the Table up, with assistance from your adult partner. Exert pressure floorwards, onto the Table with both your hands. This pressure will help the Legs and Table Top reach full alignment status. Check for wobbles on a LEVEL surface. If no wobbles are found proceed to tighten the Bolts in a sequential manner, until evenly secured.

When tightening the Bolts tighten sequentially.

Do not tighten any Bolt fully and then move on towards the next one.

If there are still wobbles, loosen the Bolts and execute the same above process.

Your Table is ready for use

This Table can only be used on a flat, level surface.
