

Fitting Instructions

1. Ensure the light is switched off and the bulb is cool. Remove the bulb from the fitting.
2. Unscrew the collar (fig. 1).
3. Position the lamp shade and the screw the collar back into position to secure the shade (fig. 2).
4. Replace the bulb.

Always ensure that the decorative elements do not touch the light bulb.

Use only with **60W** bulb or less.
