

# Assembly Instructions for Model 1293928

d

### Warn

Please strictly follow the instructions for installation. Improper installation may easily cause falling off and electric shock.

The power supply used should not exceed the specified range (220V-50HZ).

Do not install lamps in the open air.

Do not install above high temperature objects.

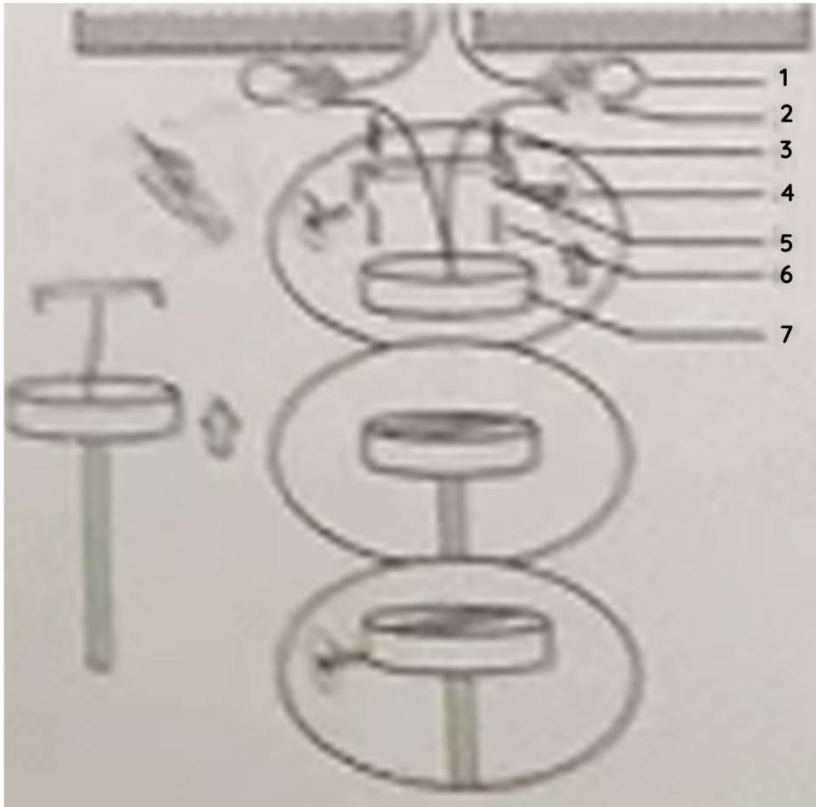

Do not use it in series with a dimmer to avoid malfunctions.

### Application

This series of products is mainly used for indoor lighting. Suitable for use in hotels, restaurants, supermarkets, homes, shops and offices.

Install

Note: Be sure to cut off the power supply before installation to prevent electric shock!

### Part Name

- [1] Wire
- [2] Wiring Strip
- [3] Expanded Colloidal Particle
- [4] Flat Head Screw
- [5] Hanging Board
- [6] Self-Tapping Screw
- [7] Ceiling Plate

### Steps And Installation Methods

1. Assemble the lamp and ensure that the connecting parts are firm.
2. Drill holes in the reinforced part of the ceiling or wall, and the position should match the position of the hanging board hole.
3. Insert the expansion particles into the holes in the ceiling. (3)
4. Use screws to lock the lamp hanging plate and fix it firmly. (6) (5)
5. Connect the lamp wires to the main wires of the home. (1) (2)
6. Tighten the ceiling plate and hanging plate with screws. (7) (4)
7. Install light source.

Your fixture is now assembled and ready to use.
