How to use

1. When the power supply is connected and the milkshake cup is correctly fitted, adjust the speed switch to the proper position.
2. Pour milk, ice cream/frozen yogurt, and flavoring of your choice into the milkshake cup - up to 2/3 of the volume of the cup.
3. Replace the cup with the machine and leave to mix.
4. Once you have finished mixing, put the switch in the "off" position and remove the milkshake cup.
