Parts may vary. (Optional)

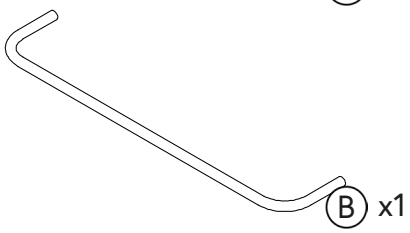

Warning! Please take special care.

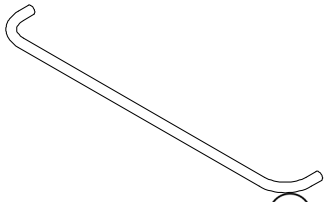

Please read all of the information carefully and refer back when you see the numbered icons throughout instructions.

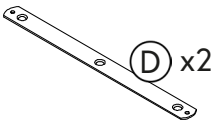

Safety and Care

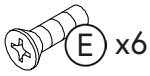

1. Always take care when using power tools, particularly if there is any water in the working area.
2. When drilling into a tiled surface do not use a hammer drill.
3. Always use a drill bit that is suitable for the surface that is being drilled.
4. Do not use power tools for assembling the product including power drills and power screwdrivers.
5. The wall plugs supplied are for use on solid walls only. For cavity walls or plasterboard use specialist fixings that are suitable for the type of wall construction.
6. For different wall types you will need to ensure that you are using the correct type of fixing for the material of the wall.
7. To retain the best quality finish, clean product regularly with a soft damp cloth.
8. Do not use abrasive or chemical cleaners, as these may damage the product.
9. The maximum safe working load is 5kg distributed evenly.
