

Mahjong Table Installation Manual

Lock this cross-hexagonal self-tapping nail 2/3 in, no need to tighten.

Pay attention to the orientation of small iron pieces. The small iron piece should be padded under the tube.

Self adhesive silent strip

Hardware accessory kit

Number	Part name	Spec	Qty	Remark
1	U-shape bracket		4	
2	Countersink hexagon bolts	4#	1	
3	Phillips screwdriver		1	
4	Hexagon socket bolts	M6*10	8	
5	Self-tapping screw	ST5.0*8	4	
6	Self adhesive silent strip		1	

Installation Steps

1. Take out the tabletop and place it upside down on a flat surface (as shown in the picture).
2. Take out the table legs and place them the inverted tabletop (Notes: please pay attention to the orientation of small iron pieces on the table legs as shown in the picture).
3. Take out the brackets, bolts, and wrenches, and lock the legs to the corresponding holes in the tabletop with these accessories (as shown in the picture).
4. Tighten the bolts and unfold the table legs
5. Take out the self-adhesive soundproofing strip, and apply it along the inner edge of the tabletop (as shown in the picture).
6. Installation is complete.
