EN

Thank you for choosing our brand!

If you find any damage when opening the package, please contact our customer service through the platform for a quick resolution.

Pre-installation Instructions:

Refer to the Manual: Check the product manual for screw lengths and positions to avoid assembly errors.

1.Count Screws: Verify the number of screws before starting assembly to avoid delays. Contact customer service if any are missing.

2.Verify Product Details: Ensure the product model, specifications, and color match your order.

3.Open Carefully: Open the box gently to avoid damaging the product.

During and After Assembly:

1.Quality Issues: Contact customer service immediately if you notice any quality problems.

2.Tighten Screws: Make sure all screws are fully tightened to ensure stability and prevent damage.

Warning:

1.Keep Children Safe: Keep children away during assembly to avoid injury from tools.

2.Store Extra Parts: After assembly, store any extra screws and instructions safely to prevent accidental ingestion.

Customer Service:

If you have any questions, please contact our customer service through the platform. We are here to help.

1 Schritt1: Unterscheiden Sie die Richtung des Sitzkissens.
Step1: Distinguish the direction of the seat cushion.

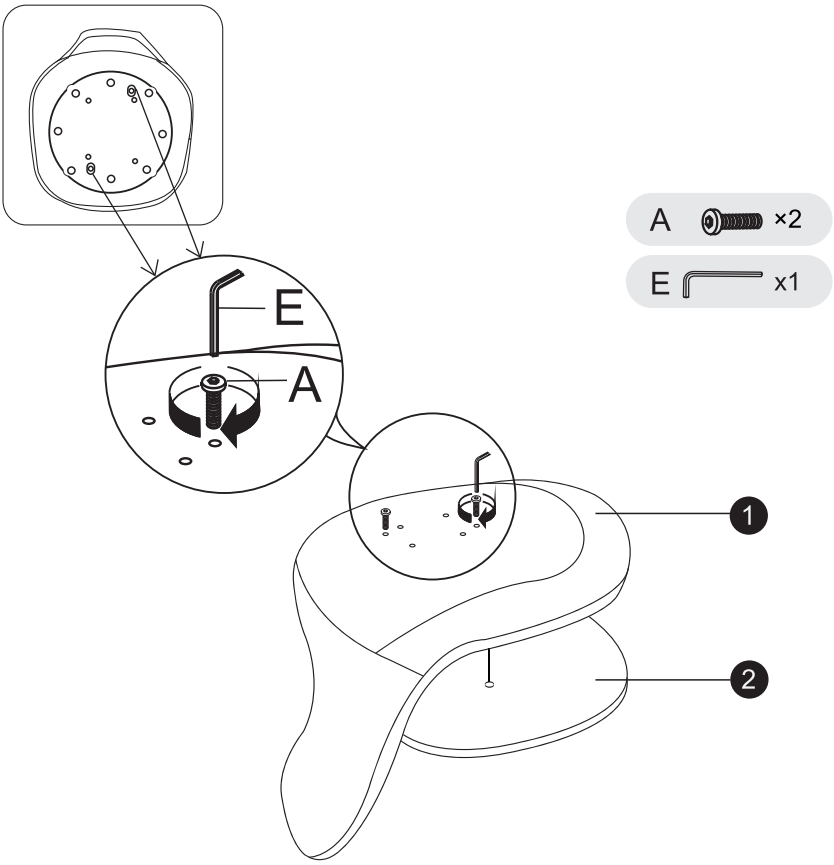

Hinweis: Das Sitzkissen hat eine feste Richtung. Bitte achten Sie bei der Installation darauf, dass die quadratischen Löcher an der Unterseite der Stuhlschale ausgerichtet und installiert sind.

Note: The seat cushion has a fixed direction. When installing, please ensure that the square holes at the bottom of the chair shell are aligned and installed.

2

Schritt 2: Verbinden Sie das Sitzkissen und die Stuhlschale.
Step 2:Connect the seat cushion and chair shell.

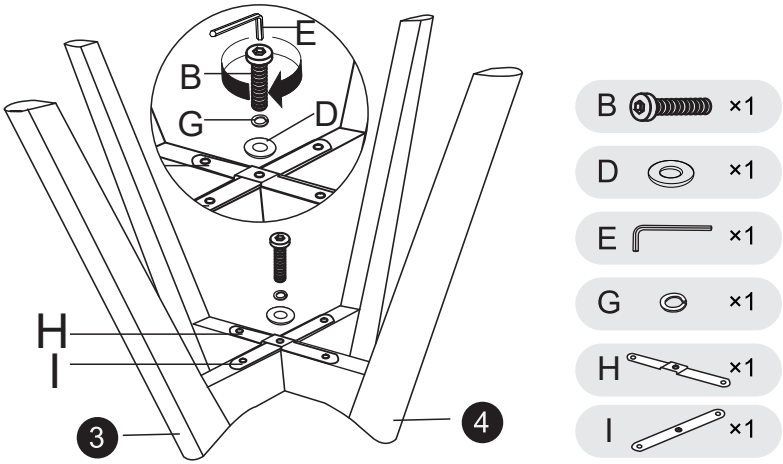

Hinweis: Das Sitzkissen hat eine feste Richtung. Bitte achten Sie bei der Installation darauf, dass die quadratischen Löcher an der Unterseite der Stuhlschale ausgerichtet und installiert sind.

Note: The seat cushion has a fixed direction. When installing, please ensure that the square holes at the bottom of the chair shell are aligned and installed.

3

Schritt 3:Installieren Sie die Stuhlbeine.
Step 3:Install the chair legs.

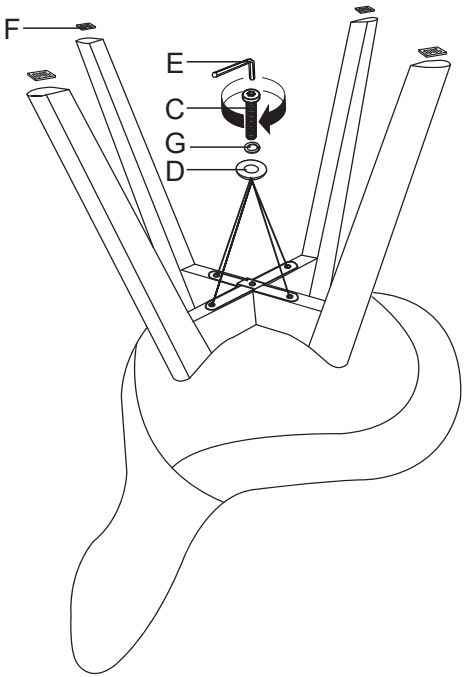

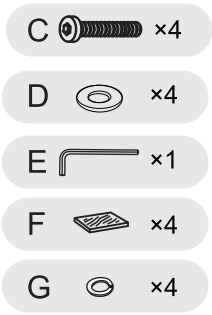

Hinweis: Alle Schrauben sollten zuerst auf 80% angezogen werden, nicht anziehen.

Note: all screws should be tightened to 80% first, do not tighten them.

4

Schritt 4: Verbinden Sie die Stuhlbeine und den Sitz.
Step 4:Connect the chair legs and seat.

Hinweis: Sobald alle Schraubenlöcher richtig ausgerichtet sind, können Sie schließlich alle Schrauben 100% festziehen, bis sie vollständig gesichert sind.

Note: Once all the screw holes are properly aligned, you can finally tighten all the screws 100% until they are fully secured.
