Baxter Tabletop Clock 645578

Accent your mantel or shelf with the Baxter wooden table clock. It has an elegant tambour design and Arabic numerals instead of Roman numerals for easy readability. This analog table clock comes with an AA battery, so it's ready to use right out of the box.

Classic Wood Finish: The wood burl pattern on the front and back of this clock has a high-gloss walnut piano finish that coordinates with any decor. The black base and sides match the numerals and complement the rich tone of the wood for a refined look.

Polished Brass Details: This table clock has a brass second hand, which matches the waterfall brass-finish bezel and high-shine brass button feet. The gleaming warmth of the brass goes well with the off-white dial, which has black numbers and hour/minute hands for a stylish contrast.

Precision Quartz Movement: Quartz, battery-operated movement requires 1 AA battery.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
