

# AVIAN | PARLIAMENT OF OWLS

shown: 1 repeat

“PARLIAMENT OF OWLS” is a wallpaper design created in collaboration with New York City artist Mitch Ferrin. Inspired by Ferrin’s original oil paintings, it features a tranquil woodland scene where owls gather in quiet harmony—symbols of wisdom, serenity, and natural beauty. The design’s layered, painterly texture brings depth and movement to modern and traditional interiors, offering a sense of peaceful sophistication.
