Bradford Arbor Assembly Instructions

Model: S371

Friendly reminders before assembly

- * Heavy! Handle with care! Please keep children away from the assembly area.
- * Please place the empty carton beneath all parts to protect the finish from damage.

Parts List		Hardware List		
A		2 pcs	a Short bolt 	8 pcs
B		2 pcs	b Long bolt 	12 pcs
C		2 pcs	c Washer 	36 pcs
D		1 pcs	d Nut 	16 pcs
E		2 pcs	e Nut Cover 	20 pcs
F		4 pcs		16
**Check all parts are included prior assembly				

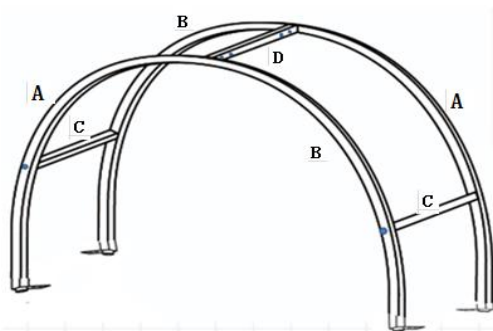

Step 1: Top arch assembly

Connect A and B with D, using 2 long bolts (b), 4 washers(c) and 2 nuts (d)

Do the same way for the other side of arch

Connect both side arches with C x 2 pcs, using 4 long bolts (b)

*Do not over tight

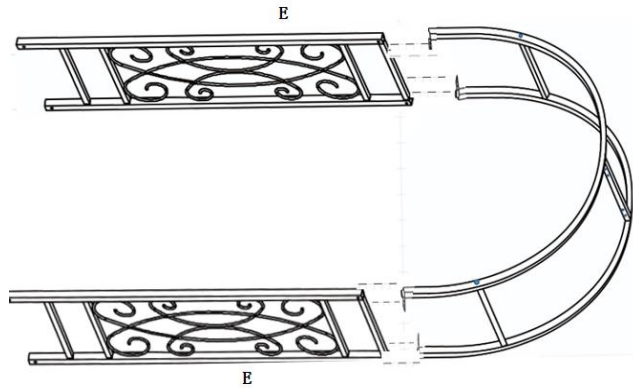

Step 2: Top arch and side Assembly

Lay the top arch sideways on floor

Connect top arch to side (E) using 8 short bolts(a) , 16 washers and 8 nuts

*Do not over tight

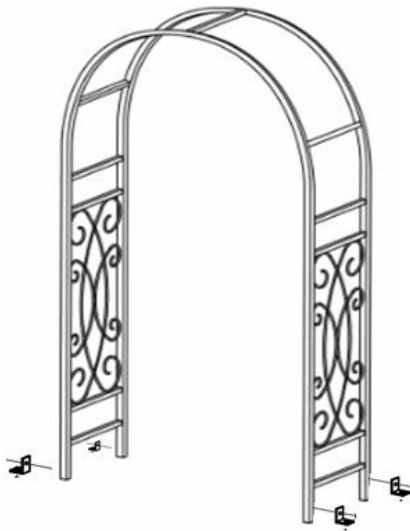

Step 3: Secure the Arbor

Attach 4 bracket to each leg using 4 long bolts(b), 8 washer(c) and 4 nuts (d)

After the arbor has been put together, tighten all bolts gradually and evenly to make sure the arbor stands aligned. Cover nuts with plastic caps. (option)

Recommended: Anchor arbor to the ground for the stability

Care and Maintenance:

- * Please make sure the product is safely secured on the ground
- * Handle with care avoiding rust caused by scratch. Touch up the scratches or rust area by using black enamel paint or similar
