

Installation Steps

Safety tip: Please ensure power is switching off before installation!

1

Fix the hanging board on the ceiling with screws.

3

Pass the main power cable through the round iron ball and along the hanging chain to the ceiling plate.

Material: iron + wood
Dimension: 110*12*120CM
Light source: E26*10

2

Pass the lifting chain through the lifting ring on the lamp body and tighten it.

4

Lead the main power cord to the ceiling along the lifting chain.
