

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Open the Metal Cage and put the Glass (2) onto the Socket (1), then use the Socket Ring (3) thread it tightly .
2. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)
3. Closed the Metal Cage and use the Screw (4) thread the Metal Cage tightly .

INSTALLATION IS NOW COMPLETED.
