

NOTE:

Please pay attention to the positions of the Velcro on the left armrest sofa module and the right armrest sofa module.

Right armrest sofa

Both sides of the seat board have through-hole positions, which can be matched with the backrest hole positions. When installing the right armrest sofa, the Velcro position is adjacent to the backrest, and the position without Velcro is adjacent to the armrest component.

Note: The armrest component can be placed on either the left or the right side, simply by rotating it 180°.

Left armrest sofa

When installing the left armrest sofa module, the Velcro position should be adjacent to the armrest component, and the position without Velcro should be adjacent to the backrest.
