Daily Care Instructions

With proper care, your furniture will last for years. Please follow these guidelines:
Keep the sofa away from direct sunlight, or use curtains/blinds to reduce exposure.
Clean regularly with a dry, soft cloth or a vacuum with a soft attachment.
For stubborn stains, gently blot with a soft cloth dipped in warm water and mild soap, then dry with a clean cloth.
Avoid excessive rubbing, as it may damage the weave or cause discoloration.
Place felt pads under the sofa to prevent floor scratches. A rug underneath also adds protection and style.
Distribute weight evenly on the cushions over time for optimal care.
When moving the furniture, always lift it rather than dragging it across the floor. Dragging can damage legs, joints, and flooring.
Keep sharp objects away from the fabric or leather surface to prevent snags, tears, or scratches.

Thank you for choosing us. We look forward to welcoming you back soon!
