

User Manual

Table and 4 chairs set

Model: BP1024

Please read the instruction manual carefully and use it correctly according to the usage instructions.
Please keep the instruction manual properly for reference!

Guide to Assembling

WARNINGS FOR ASSEMBLY AND USE

The assembly must be carried out by 2 adults. Remove stickers and protective papers before assembly and use. Before proceeding with the assembly make sure that all components are present in the packaging.

Observe the general safety rules during assembly.

To properly assemble the item, carefully follow the assembly instructions attached here.

The item should be mounted on a solid, flat surface free of anything that could damage it. Mounting on an uneven surface such as concrete can cause instability and may result in bumps or scratches that could damage the item.

Before using the item, make sure it is well assembled.

It is not recommended that the product be shaken or subjected to excessive impact. Do not hit the surface with hard and/or sharp objects. The product is intended for home use.

Children must be supervised by adults when using the product to avoid climbing, shaking, jumping, sitting or lying on it. Do not place toys, remote controls, or other items on the table where children may climb to reach them.

When moving the table, lift it up and do not drag it across the floor to avoid damaging the legs or the floor.

Do not stand or sit on the table.

MAINTENANCE WARNINGS

Keep the object away from heat sources. Do not use aggressive cleaning products for cleaning. Clean with a damp cloth and dry.

In order to keep the items and their metal parts in good condition, it is essential that it is not left out in the elements. The product should be stored in a clean and dry environment with any moisture removed with a dry towel before storage to prevent corrosion.

It is recommended that the tightness of the bolts should be checked periodically to ensure nothing has come loose. Always checking before the first use, after removing the item from storage.

Warnings and Cautions

Please retain this instruction for future usage and read carefully before assembly.

Make sure you have all the parts & hardware as item list shows.

2 adults are recommended to install your chair.

Do not discard any of the packaging until you have checked that you have all the parts and pack of fittings.

Check all bolts for tightness before use, and periodically check and tighten bolts ensure your chair works properly.

Some parts might have sharp edges/corners. Please follow basic safety precautions to reduce the risk of hurts.

Notes

1.Cleaning and drying the chairs after it rains.

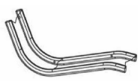

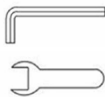

2.Cleaning and drying the chair in time if exposed to chemicals.

3.Please cover and store it if not in use.

THIS ITEM CONTAINS SMALL PARTS WHICH CAN BE SWALLOWED BY CHILDREN.
PLEASE KEEP IT AWAY FROM CHILDREN UNDER 3 YEARS OLD AND PETS DURING INSTALLATION.

the installation video

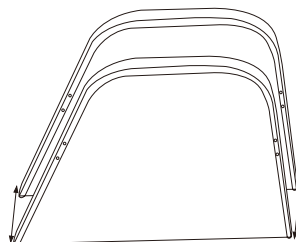

Compare two legs B to see if they
are exactly the same.

1

If it is different, gently press or pull the lower
end of the leg with your hands.

2

Make sure two B legs are exactly the
same shape before installation.

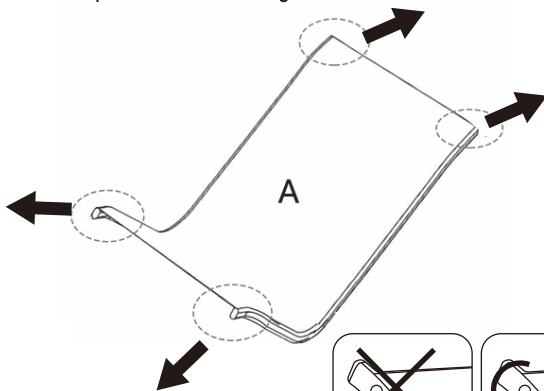

3

1

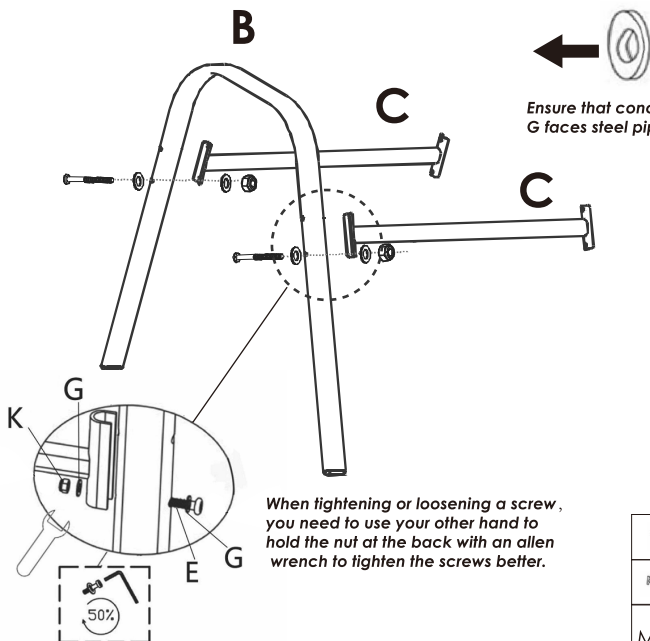

This step has detailed video instructions on the product details page you purchased. Please watch the video guide on the details page for specific operations.

Please pull the fabric into place before assembling if it retracts.

The screw holes on the side bars should face inwards, otherwise the backrest bar will not be installed correctly.

2

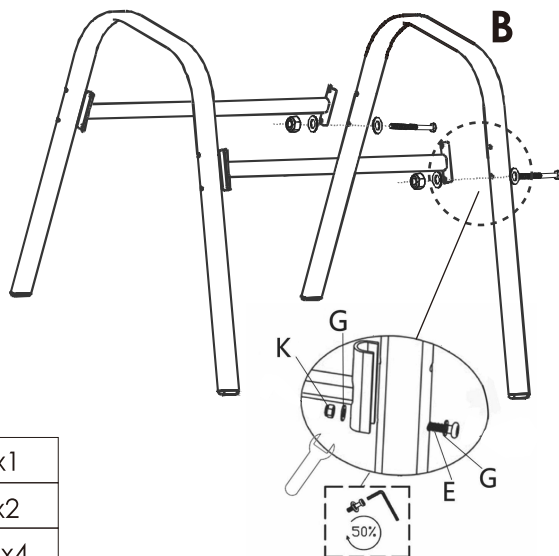

Ensure that concave surface of G faces steel pipe connection.

When tightening or loosening a screw, you need to use your other hand to hold the nut at the back with an allen wrench to tighten the screws better.

Temporarily tighten the screws to 50% and do not tighten them fully so that the subsequent screws can be better aligned with the screw holes.

	k x2

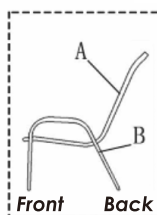

Temporarily tighten the screw to 50%, do not tighten completely.

4

You need to know this before step 5

Slightly curved edge of accessory A is the top of the backrest.

Front legs are angled almost perpendicular to the ground.

Tighten screws to 20%

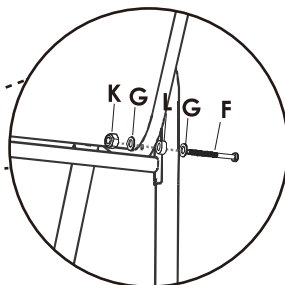

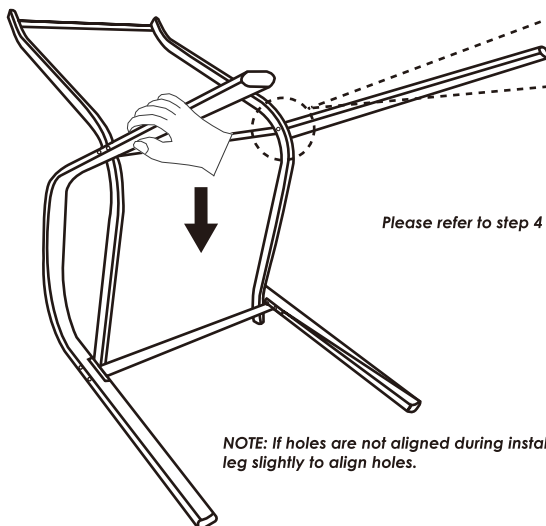

Ensure that concave surface of G faces steel pipe connection.

5

Install the screws for the back legs

You need to first lay the chair down with the back legs facing upwards and tighten the back leg screws by 20%.

Please refer to step 4 for the correct order of installing the screws.

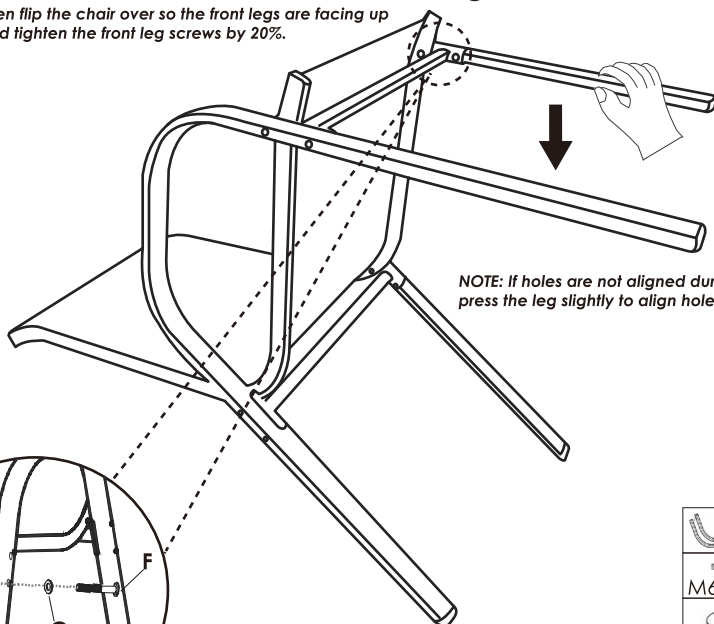

NOTE: If holes are not aligned during installation, press the leg slightly to align holes.

	K x2

7

When inserting the backrest rod, you need to rotate it first to shorten its length and gently pull the side rod for better insertion.

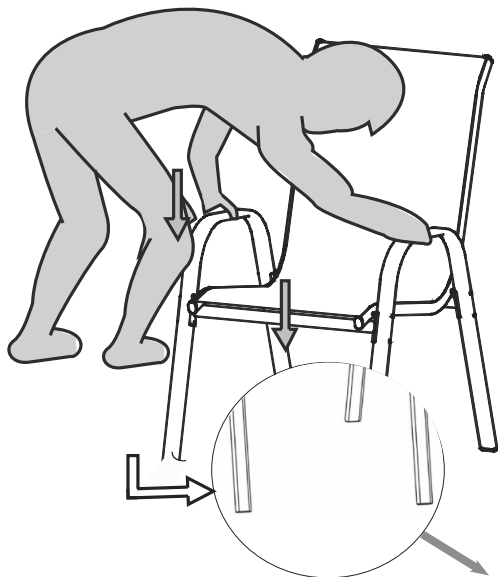

Hold one end of D with one hand and rotate the center of D with the other hand.

Adjust the length by rotating the backrest rod to fully spread the fabric.

8

Assemble on flat ground.

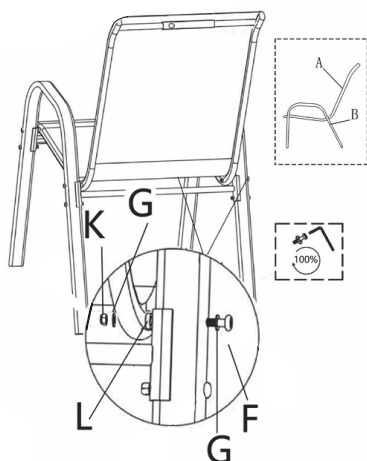

Make sure all 4 legs of chair are in full contact with the ground.

How to prevent chair from being uneven after installation?

1. Please place the chair on a flat ground for installation.
2. While tightening screws, continuously adjust the chair legs until they are stable.

9

If chair is unstable after installation, slightly loosen all screws and fine-tune leg and frame position. Then retighten all screws.

Ensure that concave surface of G faces steel pipe connection.

NOTE: If holes are not aligned during installation, please press the B leg slightly to align holes.

Tighten all screws completely.

WARNINGS FOR ASSEMBLY AND USE

Assembly must be completed by two adults. Before assembly and use, remove the stickers and protective paper.

Before assembly, ensure all components are inside the packaging.

During assembly, please observe general safety rules.

To properly assemble the product, carefully follow the included assembly instructions.

It is recommended that the table be placed on a flat, level surface for installation and use.

Installation on an uneven surface (such as concrete) may render the product unstable and may result in bumps or scratches, which could damage the product.

Before using the product, ensure that the product is properly assembled.

It is not recommended to shake the product or subject it to excessive impact. This product is for home use only.

When using, avoid scratching the glass surface with sharp objects and avoid placing heavy objects on the edges of the glass.

The tabletop is made of tempered glass. Tempered glass has a risk of breaking if subjected to extreme external force. The broken pieces will be small and have relatively rounded edges, but they can still cause injury.

Children must be supervised by adults when using the product to avoid climbing, shaking, jumping, sitting or lying on it. Do not place toys, remote controls, or other items on the table where children may climb to reach them.

When moving the table, lift it up and do not drag it across the floor to avoid damaging the legs or the floor.

Do not stand or sit on the table.

MAINTENANCE WARNINGS

Keep the item away from heat sources. Do not use corrosive or abrasive cleaners, as they may scratch the surface.

To maintain the item and its metal components in good condition, avoid exposure to wind and rain. Store the product in a clean, dry environment and wipe it with a dry towel before storage to prevent residual moisture, which can lead to rust and corrosion.

It is recommended to regularly check the tightness of the bolts to ensure they are not loose. Inspect the item before first use and after removing it from storage.

Avoid placing the table in humid places or near heat sources (such as heaters and stoves) to prevent the iron frame from rusting or the glass from potential risks due to excessive temperature differences.

WARNINGS AND CAUTIONS

Please retain these instructions for future reference and read them carefully before assembly.

Make sure you have all the parts and hardware listed in the shipping list.

It is recommended that two adults install your table.

Do not discard any packaging until you have confirmed that all parts and accessories are present.

Check the tightness of all bolts before use, and check and tighten bolts regularly to ensure that your table functions properly.

Some components may have sharp edges/corners. Follow basic safety precautions to reduce the risk of injury.

Notes

1.Cleaning and drying the table after it rains.

2.Cleaning and drying the table in time if exposed to chemicals.

3.Please cover and store it if not in use.
