Available Products & Accessories	29-37
----------------------------------	-------

THE "SNAP-LOC DOLLY"

Our industrial strength Dolly is the only one available in the world that transforms to fit your moving needs. The E-Strap attachment, Platform Truck bars, Panel Cart bars and connect-ability give you the flexibility and safety to move and store anything for:

- Contractors
- Home & Garage
- Warehouses
- Mechanics
- Professional Movers
- Emergency Services
- Recreational use and more

THE "SNAPLOC"

A patent pending E-Strap anchoring system that can be easily installed anywhere you need a positive locking tie down for safe and secure cargo control. Snaplocs can be used on:

- Pickups
- Trailers
- Fleet Trucks
- Truck Bodies
- Lumber Racks
- Motorcycles/ATV's
- Recreational Equipment
- Walls / Floors / Ceilings
- And virtually everywhere

5 MAJOR SELLING TIPS FOR REPS & RETAILERS

PERSONAL USE

The best sales come from those who personally use and believe in Snap-Loc products. Every chance you get use the Dolly to deliver orders to save your back or around store as a rolling demo show for your customers. Install, use and display Snaplocs and E-Straps prominently in and on your truck, personal vehicles, trailers and in stores. These practical uses mixed with your own enthusiasm will greatly increase sales.

USE THIS HANDBOOK

Take a moment to familiarize yourself with this Handbook. Walk your customers through it and help them discover all the creative ways the Snap-Loc System can make their job easier and safer.

TRY-ME COUNTER DISPLAYS & BROCHURES

Make use of these two main sales tools by handing out the free Brochures to your customers and placing the free Try-Me Snaplocs display on counters for your customers to see.

SUPPORT THE SNAP-LOC U.S.A. JOBS PROGRAM!

We are very proud to have more than 80% of our products made in the U.S.A.. With the purchase of each **“U.S.A. Jobs Program - Retailer Starter Set”** you are helping to bring jobs back to America!

STOCK IT!

Snap-Loc products have a very affordable entry level price making it easy to keep plenty of stock in stores and samples for each sales person. Here are the basics of what we suggest for an in-store presence to meet the demand...

U.S.A. JOBS PROGRAM - RETAILER STARTER SETS

SNAP-LOC DOLLY

Panel Cart

- Removable bars easily turn into a Panel Cart

- Heavy duty 4" double ball bearing chemical resistant casters with brake

- The Snap-Loc Dolly also inter-connects for handling larger cargo

Platform Truck

- Durable powder coat finish protects the steel bars from the elements

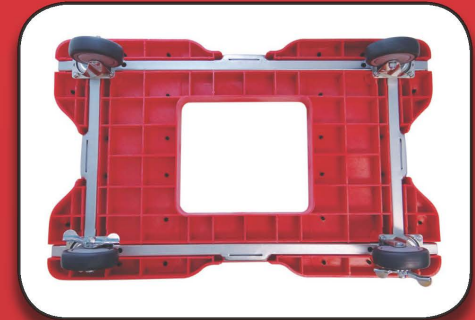

- Made from high density Polyethylene impervious to grease, oil and chemicals and can be easily cleaned

- Extra large 32" x 21" x 7" Flat top design with safety grip pads

Dolly

- Super heavy duty 1,500 lb. capacity with integrated steel frame

- E-Strap attachment on all four sides allows cargo to be safely strapped to Dolly

 **Made in U.S.A.**

THE "SNAPLOC"

Snaplocs are E-Track singles. Use Snaplocs everywhere you need a secure anchor for strap attachment on: Vehicles, Trailers, Walls, Floors, Ceilings, Garages, Warehouses and more! Our Positive Locking E-Straps are always "Safe and Secure" and much safer than S-Hook straps.

- Anchor for positive locking E-straps
- World's only E-Track single
- 3,000 lb. Break strength
1,000 lb. working load
- Powder coated heavy duty
10 gauge steel
- Low profile for mounting
virtually everywhere
- Reversible for flush mounting
- Square hole design fits both
round screws and carriage bolts
- Very easy and quick to install
- Patent Pending exclusive design

 **Made in U.S.A.**

HARDWARE

Our three types of Hardware for installing Snaplocs provide a secure fastening method for most locations. However, you can use your own hardware or even welding for what best fits your application.

Allen Screw Set

- ← Our Button Cap Allen Screw is 5/16-18" x 1" for mounting to surfaces where top access is needed or for inserting into a tapped hole

- All hardware for Snaplocs are made from zinc plated heavy duty steel

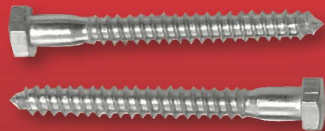

- Each screw and bolt is rated at 3,000 lb. break strength and 1,000 lb. working load

Carriage Bolt Set

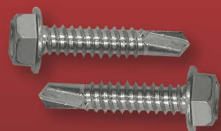

- ← The Carriage Bolt is 5/16-18" x 1" and great for one person installations as it holds in place when tightening

- ← Lag Screws are 5/16 x 3" and for mounting to structural sound wooden walls, ceilings and floors

Lag Srew Set

- The Loc-Nut has a nylon locking insert that will not come loose

Self Driller Set

- ← The Self-Driller Screws are heavy duty 5/16 x 1.5" and are perfect for mounting to thick and structural metal

E-STRAPS CAM & RATCHET

2"x16" E-STRAP W/ RATCHET

LOOP END
SOFT-TIE

HOOK & LOOP
FASTENER

E-STRAP
w/RATCHET

HOOK & LOOP FASTENER

E-STRAP
w/CAM

- Spring E-Fitting ends fit all Snaploc anchors and standard E-Track

- ← Ratchet Buckle
4,400 lb. break strength
1,467 lb. working load

- 6,000 lb. rated weather resistant polyester webbing

- ← Sewn-on hook and loop fastener secures excess strap when in use and for storing when not in use

- Pull handle loop also doubles as a soft tie

- ← Cam Buckle
3,000 lb. break strength
1,000 lb. working load

- Zinc plated steel buckles and ends

SNAP-LOC HOOK

The Snap-Loc Hook is a safe and convenient way to turn any E-Strap into a multi-use hook strap for attachment to vehicles, motorcycles, ATV's and cargo of all kinds.

LOC-HOOK

- Split design allows hook to slip into loop end of E-Straps and over strap at any location
- Double end design is much stronger than other hooks at 3,000 lb. break strength 1,000 lb. working load
- 5/16" Steel with black polyvinyl protective coating
- Hook fits over 1-1/2" wide items
- Curved design for equalized pull
- Works with any manufactures brand of logistic strap
- Patent Pending exclusive design

1. Move spring fitting 2. Insert hook through loop 3. Pull through as shown

SNAP-LOC LINK

The Snap-Loc Link is a coupling for connecting two or more E-Straps together conveniently extending the length of any E-Strap for securing large and awkward cargo.

SNAP-LOC LINK

- Conveniently connects two or more E-Straps together
- Connects E-Strap to itself for cinching items together
- Fits all standard Spring E-Fitting straps
- 3,000 lb. break strength 1,000 lb. working load
- Zinc plated heavy duty 10 gauge steel
- Double welded ends for added strength
- Patent Pending exclusive design

 **Made in U.S.A.**

SNAP-LOC RING

The Snap-Loc Ring is the most convenient and safest way to attach rope and hook straps when mounted to Snaplocs and E-Track.

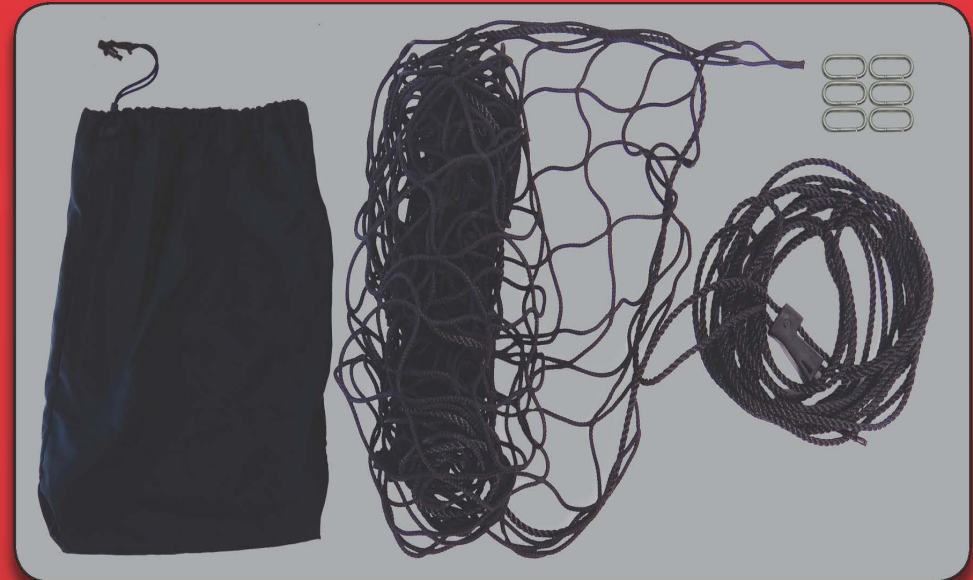

SNAP-LOC RING

- Fits all Snaploc anchors and standard E-Track
- Zinc plated heavy duty steel
- Large 1-1/2" opening
- 3,000 lb. break strength
1,000 lb. working load
- Quick release design makes it easy to remove ropes

SNAP-LOC CARGO NET

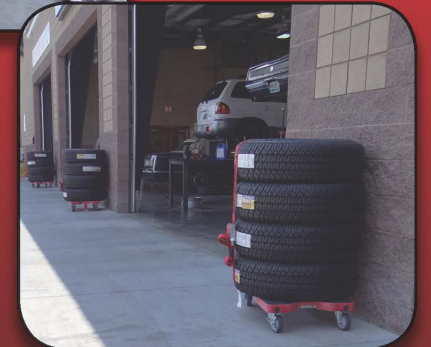

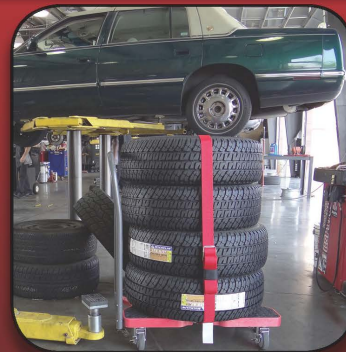

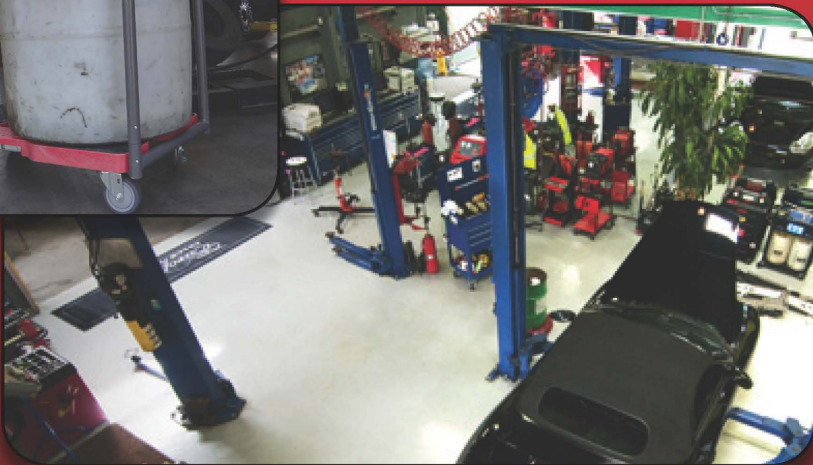

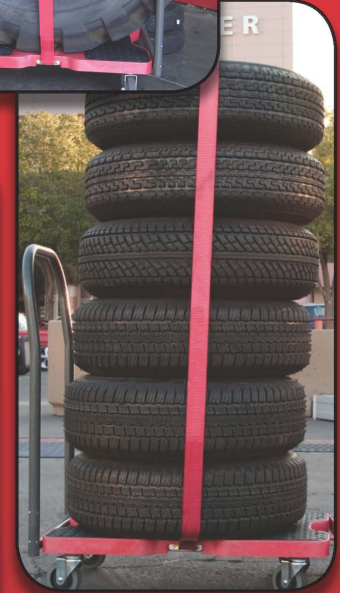

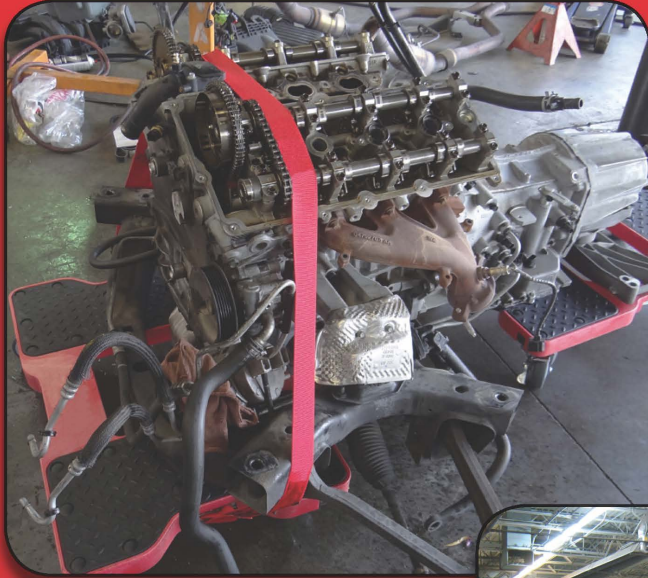

- Perfect for Trucks & Trailers
- Military grade Nylon netting
- Cinch rope with Cam Lock
- Carabineer connectors
- Storage Bag
- 400 lb rating
- 4 Available sizes
 - 62"x72"
 - 62"x96"
 - 96"x144"
 - 96"x192"
