

ASSEMBLY INSTRUCTION

Armchair

Thank you for choosing our product.

To ensure safe and satisfactory use of this product, please carefully read the below instructions beforehand.

1. This sofa ships in several boxes, we recommend unpacking and starting assembly when several boxes are received.
2. Our cushions are vacuum packed for convenient shipping. Please allow 2-3 days for them to fully expand to their original shape and for any wrinkles to disappear.
3. In the event that a part is damaged or missing, no need to return the product, we will gladly help and ship your replacement parts free of charge.

Care Instruction

- **Check the washing label**

Before washing, carefully check the label on the sofa cover and follow the instructions provided.

- **Separate washing**

If the sofa cover is made of different colored materials, it's best to wash it separately to avoid color transfer.

- **Choose the right detergent**

Use a mild detergent and avoid cleaners that contain bleach or strong oxidants.

- **Water temperature control**

Select the appropriate water temperature according to the material of the sofa cover. Generally, lukewarm water (up to 30°C) or cold water is more suitable.

- **Gentle washing**

Choose a gentle washing cycle to minimize excessive agitation and protect the texture of the cover.

- **Avoid prolonged soaking**

Long soaking (no more than 30 minutes) can cause color fading or damage to the fibers.

- **Rinse thoroughly**

Make sure the detergent is completely rinsed off to avoid adverse effects on the cover.

- **Drying method**

Choose the appropriate drying method based on the material of the cover. Air drying in the shade (without wringing) or low-temperature drying are best; avoid high temperatures.

- **Avoid direct sunlight**

Direct sunlight may cause colors to fade; try to avoid exposing the cover to the sun when drying.

- **Storage**

Protect the cover from moisture and mildew.

- **Careful ironing**

When using steam ironing, place a damp cloth over the fabric to prevent shine (known as the "aurora effect").
